Weather Conditions	Fla. St.	0	17	0	7	24

PRINCIPAL INDIVIDUAL PLAYS

List all scoring plays; also non-scoring plays (including punts) gaining 50 yards or more, and all missed field goal attempts for both teams.

Under "type of play" indicate rush, pass, int. runback, punt runback, kickoff runback, punt or field goal. List tries-for-points as P.A.T. kick, P.A.T. rush or P.A.T. pass.

On pass play, give passer first, then receiver, and combined yardage of pass and run. Measure runbacks from goal line, if started in end zone. Measure field goal attempts from point of kick. All other plays are measured from line of scrimmage.

Type of Play	Player or Players	Team	Yards	Scored? (Yes or No)

CONDENSED RULES FOR RECORDING FOOTBALL STATISTICS*

(Originated by the N.C.A.A. Football Rules Committee's Sub-committee on Football Statistics)

(Continued from back of Form 347-A)

SECTION 6 — PUNTS.

Article 1: Punts are measured from the line of scrimmage to the point where the receiving team first gains or loses possession of the ball, or if untouched by the receiving team, to the point where the ball is downed by the kicking team or goes out of bounds.

Article 2: When a punt goes over the goal line (touchback), distance of the punt is measured from the line of scrimmage to the goal line.

Article 3: A blocked punt is recorded as a "team" entry, and not charged against the individual kicker. Thus, in the case of a blocked punt which does not pass the line of scrimmage, enter the word "team" in lieu of kicker's name and charge one punt for NO yards, so the blocked punt **is included** under "Times Kicked" in team totals.

If the ball travels toward the kicker's goal and is recovered by the **blocking** team, the yardage is treated as a punt return by the player who blocked the kick. If the ball travels toward the kicker's goal and is recovered by the **kicking** team, the yardage is treated as a punt return by the player who blocked the kick—and the blocking team is charged with a fumble lost, except on fourth down.

SECTION 7 — KICK RETURNS.

Article 1: Only the number of punts and kickoffs which the receiving team actually attempts to return are included under kick returns. (**Exception** — Blocked kicks which travel toward the kicker's goal. See Article 3 of Section 6.)

Article 2: Returns are measured from the point where the returning player first gains or loses possession of the ball to the point where the ball is declared dead or is lost by fumble. **Exception:** On kickoffs that go over the goal line, the return is measured only from the goal line on. (See B1-3.)

Article 3: The return of an attempted field goal, which falls short and is returned by the defending team, is treated as a punt return.

SECTION 8 — FREE KICKS.

Free kicks are recorded as kickoffs if made from placement and as punts if the ball is punted. The receiving player is credited with a kickoff return or a punt return, respectively.

SECTION 9 — GOALS FROM THE FIELD.

Successful goals from the field are measured from the point where the ball is kicked to the goal posts (to the goal line plus ten yards, since the goal posts are ten yards behind the goal line).

The distance of such kicks is recorded on form 347 only under "principal individual plays". If kick is unsuccessful, show yard line from which kicked, in lieu of distance.

SECTION 10 — POINTS AFTER TOUCHDOWN.

Article 1: A player attempting a try-for-point-after-touchdown by kicking is **not** charged with an attempt when a bad pass from center or a fumble by the ball holder, precludes an opportunity to kick. Such an unsuccessful attempt is charged to the "team," rather than to any individual player. However, if the ball is momentarily fumbled and then kicked, an attempt **is** charged to the individual kicker, regardless of the success or failure of the effort.

Article 2: The try-for-point-after-touchdown is made while time is out and **is not** recorded as a play from scrimmage (rush, pass or kick).

When a try-for-point-after-touchdown is by forward passing, the **passer** is charged (under SCORING) with the attempt, whether successful or not. If successful, the **receiver** is credited under SCORING with the conversion and points scored, and the **passer** is credited with a conversion under FORWARD PASSING.

Such a passing effort is recorded as a PAT attempt and is NOT recorded as a pass attempt or a pass reception.

SECTION 11 — SAFETIES.

No individual credit is recorded for any player on either team when a safety is scored. The team benefitting from the score is credited.

SECTION 12 — FUMBLES.

On any play **terminated** by a fumble, the yards involved to the point of recovery are credited or charged to the player who fumbled, regardless of which team recovers the fumble.

(Approved Ruling — On rushing play, ball carrier of Team A fumbles at the line of scrimmage and the ball travels 5 yards toward Team B goal line, before it is recovered by Team B. Player of Team A who fumbled is credited with rushing gain of 5 yards and Team A is charged with a fumble lost.)

WILD PASS FROM CENTER.

Any loss resulting from an **obvious** wild pass from center is charged to "center pass," and not to any individual player.

*See the OFFICIAL FOOTBALL STATISTICIANS' MANUAL for complete rulings and interpretations.

Quotes from Florida State Coach Bill Peterson:

"We won. That's the big thing. And I'll tell you we didn't save a thing for Florida. I was disappointed because we didn't score more. We moved ~~up~~ up and down the field but didn't get the ball in the end zone enough.

"We made a lot of mistakes. And a lot of them were my fault because I didn't put things together ~~making~~ very well. Don't get me wrong. Maryland is a good football team and they had a fine game plan. They were blitzing on second down a lot.

"They got that cheap touchdown and that hurt. We didn't have any idea what to expect from them ~~because~~ because they do so many different things. Therefore we had to adjust on the field.

"Pajcic just ~~gave~~ got the wind knocked out of him. He could have gone back in the game. Cappleman's interception was my fault. I should have told him not to throw on that first down. I thought somebody had but it's my fault that I didn't tell him.

"I thought Bill Gunter played as well today as anyone ever has for Florida State. And also Ron Wallace (defensive end) was outstanding.

"Our ~~the~~ kids ~~we~~ knew we won in the dressing room. But they knew they didn't do a very good job. That's maturity.

"Maryland was a keyed up football team. I knew ~~we~~ we were going to be in trouble.

"Cappleman grew up today and Pajcic will get better.

"We couldn't have beaten Florida today." ###

From Maryland Coach Bob Ward:

We just made too many mistakes to beat a team like Florida State. They have a lot of talent, but our players felt that with a break or two we could have won. I think we're going to have a good football team this year and we'll win some games.

"I was disappointed mostly with our pass protection and also in our offense. They did a good job of holding up our receivers.

"Of course the biggest single factor was Ron Sellers catching those two long passes. The one he caught just a minute or so before the half just about took the starch out of us. He has great ability to run down the field and turn around just in time to take a pass. Our Kenny Dutton had him covered, but Sellers just took it away. Both of our halfbacks who defended against Sellers are only 5-10 and that handicap was a great one. I thought we covered him about as well as we could have.

"We got several bad breaks. Dutton should have been the deep back to receive the punt that Stalnaker fumbled. That made a big difference, too.

"I was real pleased, generally, with our defense. King made some good gains, running through the same holes that were there last year when we didn't have a runner like him. He's going to be a good one. Hank Gageis also played well generally in addition to his 54-yard interception return for a touchdown.

"There's definitely more hope than there was last year after our first-game defeat. We have more talent and the kids are beginning to have faith in themselves. Pastrana, King and Ernie Torain should carry us a long way.
