

# TODAY'S GAME

By LONNIE BURT

Sports Information Director

Not only is Doak S. Campbell Stadium packed today, but for the first time in history Southern grid fans will get a chance to see exactly what type football show Florida State and Florida put on.

The American Broadcasting Co. is televising this one on a regional basis to 10 Southern states. Included in the television audience are fans from Florida, Georgia, South Carolina, Tennessee, Kentucky, Alabama, Mississippi, Arkansas, Louisiana and Texas. It is the first grid telecast to originate from Tallahassee.

This will be the 11th meeting between these traditional state rivals with the Gators holding 7-2-1 edge. Today's contest is the third in Tallahassee with Florida State winning 16-7 at Campbell Stadium in 1964 before losing 22-19 in '66.

Last year, Florida State gained its first triumph at Florida Field in Gainesville, 21-16.

In 10 years of competition, Florida has outscored the Seminoles 147 points to 98. However, in the last four games, the Gators have outscored the Seminoles only 75-73.

The widest margin of victory between these two rivals came in the first meeting (1958) when Florida gained a 21-7 decision. The Gators have blanked Florida State twice, 3-0 in 1960 and 7-0 in 1963.

Most points scored in a Florida State-Florida game came in 1965 when the Gators came from behind with two minutes remaining for a 30-17 victory. Of course, the least points scored was Florida's 3-0 decision in 1960.

It was not until 1964 that Florida State could count in double figures against Florida. In the last four games the Seminoles have registered 16, 17, 19 and 21 points to the Gators' 7, 30, 22 and 16.

Florida State Coach Bill Peterson will be carrying a 2-5-1 record against the Gators into today's game. Its just the reverse for Florida Coach Ray Graves since both became Sunshine State head coaches in 1960.

Neither club looked like world beaters last Saturday although both managed victories. Florida downed the Air Force 23-20 at Tampa while Florida State got by Maryland 24-14 in College Park.

Check 'em.

☐ **Great opportunity.** You earn a commission while you earn your college degree. Graduate—you start at the top. Fulfill your military obligation as an Army officer. With officer's pay. Officer's privileges.

☐ **Great advantages.** Employers prefer a college graduate with service as an officer. Pay more to get him. Because he's a trained, experienced leader. Can handle heavier responsibilities.

☐ **Great success.** From the 5% of college men who had ROTC training have come 24% of our state governors, 28% of executives earning \$100,000 to \$325,000 per year, 10% of Congress, 15% of our ambassadors.

☐ **Great guys.** ROTC men are campus leaders—in ROTC, athletics, extracurricular activities. And they do better scholastically than non-ROTC students.

☐ **Great extras.** \$50 per month in junior and senior years. Scholarships for outstanding students. Free flight training at over 125 colleges. Extra social activities—military balls, honor societies, bands, rifle teams.

Any way you look at it, there's a lot more going for you when you're in ROTC.

Your future, your decision . . .

choose **Army ROTC.**

List **all** scoring plays; also non-scoring plays (including punts) gaining 50 yards or more, and all **missed field goal attempts** for both teams.

On pass play, give passer first, then receiver, and combined yardage of pass and run. Measure runbacks from goal line, if started in end zone. Measure field goal attempts from point of kick. All other plays are measured from line of scrimmage.

[illegible]

(Originated by the N.C.A.A. Football Rules Committee's Sub-committee on Football Statistics)

A first down shall be recorded whenever the yardsticks are ordered forward by the officials, and when a touchdown is scored from scrimmage (by rushing or passing) within a series of downs starting 10 yards or more from the goal line. A first down is **not** recorded on a touchdown runback, regardless of the distance of the scoring run.

**Article 1:** All offensive running plays are to be classified as rushing plays, **not** as "plays from scrimmage," since any play begun with a snapback from center actually is a play from scrimmage.

**Article 3:** The rushing total is a **net** figure. All rushing losses must be recorded so as to account for the net figure.

**Article 4:** All gains on lateral passes which originated or grew out of a rushing play are included in rushing yardage. (See Article 1 of Section 4.)

**Article 1:** Forward passing gains or losses are measured from the scrimmage line to the point where the ball is declared dead (or is recovered by opponents in the case of a fumble), so as to include both length of pass and running advance after completion. All yards gained or lost on each completed pass play are credited to **both** the passer and the receiver.

**Article 2:** Loss from a completed forward pass which did not advance the ball to the scrimmage line is a yardage charge against passing gain.

**Article 3:** Any loss by a player apparently intending to pass, but thrown behind the line of scrimmage, is recorded as a **loss by rushing**. He is **not** a passer until he has thrown the ball, and he retains at all times the option of running.

**Article 4:** Interception returns are measured from the point of interception to the point where the ball is declared dead (or is recovered by opponents in the case of a fumble).

**Article 5:** There is **no** pass completed by penalty. A gain through interference on a passing play is a penalty against the defending team. The passer is **not** charged with a pass attempt, nor credited with a pass completed or yards gained; nor is the intended receiver (or the

**Article 6:** The forward passer is charged with a forward pass attempt when a forward pass is ruled intentionally grounded.

**Article 1:** A lateral pass is always a component of the ultimate play, whether it precedes or follows that play, since the lateral is merely an extension of the original or ultimate play, in effect.

(Approved Ruling — Player A receives a forward pass for a gain of 10 yards, then throws a lateral pass to Player B, who gains an additional 5 yards. Player A is credited with one pass caught and 10 yards under "receiving." Player B is credited with NO pass caught and with 5 yards under "receiving." Player who threw the forward pass is credited with 15 yards under "forward passing.")

(Approved Ruling — Player A catches punt and return 10 yards before throwing a lateral pass to Player B, who returns another 5 yards. Player A is credited with one return and 10 yards under "punt returns." Player B is credited with NO return and with 5 yards under "punt returns.")

**Article 2:** Incomplete lateral passes are scored as fumbles, and yards lost are charged against the player who, in the scorer's opinion, was responsible for the failure of the pass.

**Article 3:** Intercepted lateral passes are scored as fumbles, the offensive team being charged with a fumble lost.

**Article 4:** The official scorer rules on whether a completed pass to a flanker or man-in-motion is a forward or a lateral pass. If the latter, the play is recorded under "rushing." If the pass is incomplete, the subsequent action of the officials reveals whether the pass was a forward or a lateral.

**Article 1:** Total offense is the combined result of rushing and forward passing **only**, since these two are the only methods by which legal advance can be initiated while retaining possession of the ball.

**Article 2:** Total offense yardage is the total of **net** gain by rushing and net gain by forward passing. "Receiving" yards gained are **not** included in total offense.

## QUOTES FROM THE COACHES

Ray Graves, Florida: "We were able to stick with our game plan most of the way.

We wanted to keep the ball on ground on offense to keep it away from Sellers. On defense we wanted to mix our coverages and rush up and not double Sellers all day, thereby weakening ourselves in other areas. All of this worked out, I've never had a defensive effort better than this one. We stopped today an offense which has few peers in collegiate football and a receiver, Sellers, who has none.

"Jim Hadley played his finest game for us, Bill Deraey made big plays all day, our linebacking was outstanding all the way around and the secondary was great, simply great. Steve Tannen showed today that he's one of the finest defensive backs in the country, because when you can cover Sellers one-on-one you can cover anybody I know.

"We hoped to beat them physically in the line. I thought our offensive line did an excellent job and the running of Smith and Christian was good. Christian has added so much to our running game, he's become an outstanding back.

"The wind was a big factor. Both teams stayed backed to the wall when going against the wind and the punting became very important. In that fourth quarter we just couldn't get away from ~~our~~ our own goal line and I've never spent 15 longer minutes in my life. Sellers is like a bomb that's ticking and you just know eventually he will explode.

"Everyway you look at, though, you have to come back to our defensive effort. It was the absolute best. Had we had any breakdowns here we would have gotten beat. I think every member of our defensive team deserves all the credit in the world."

## QUOTES FROM ~~NUKEP~~ COACH BILL PETERSON

"Our offense ~~was~~ had no consistency. Maybe that was because of a good Florida defense. We didn't ~~can~~ catch the ball well and we didn't come up with the big play. I was proud of our defense. But when you only get half the job done it's tough to win.

"They got down deep on a couple of penalties and they had Larry Smith to put it over. ~~Jim~~ He's the best running back we've ever played against.

"Our passing attack hasn't jelled yet. I still have confidence in it but it's not right yet. I can't say enough about our defense. When you can't score from the one yard line there's something the matter.

"If I had to second guess myself I'd probably should have let Cappelman try four quarterback ~~game~~ sneaks. I thought we had a good game plan but we just didn't come up with the big play.

"We missed Sellers for a touchdown when he was open. It was a busted play but we beat them with a busted play last year.

"I want to give Florida credit. They were ready.

"We still need that big back when ~~we~~ we're down deep. We thought from the Air Force game we could run at the position where we tried down there at the one.

"They didn't do anything different against Sellers that other people haven't done. When he was the split end they were playing him long and short and when he was the flanker they were playing him inside and outside. ~~What~~ We've worked on this every day. But they did a good job. They were definitely taking some of his cuts away from him. \*

"It seemed we had to play catch up football all day. Trying to catch up in yards, downs and score. \* I don't know ~~how~~ much more about our football team now than I did after the Maryland game. Next week it's Texas A&M and they're as good or better than Florida."
