

TONIGHT'S GAME

By LONNIE BURT

Sports Information Director

If tonight's game is anything like last year's Florida State-Texas A&M tussle, heart patients should leave Campbell Stadium before kickoff.

Neither the Seminoles nor the Aggies had tasted victory when they clashed in College Station last Oct. 7 in a driving rain. Late in the fourth quarter, A&M owned an 18-13 advantage and had possession of the ball near their 30 yard line.

But the Seminoles forced a fumble by Aggie tailback Larry Stegent and Florida State's John Crowe fell on the ball at the 27. On the first play, Bill Moremen raced into the end zone on a trap play.

Still the Aggies had time to come back before the Seminoles intercepted just before the gun to preserve a 19-18 triumph.

Primarily, this is the same Aggie team which rallied after the Seminole loss to win the Southwest Conference title and down Alabama 20-16 in the Cotton Bowl. Only five seniors graduated, four of them starters.

Texas A&M, favored to cop the SWC title again, is led by Stegent, 195-pound running back, and quarterback Edd Hargett, one of the country's top passers.

In their opener, the Aggies were downed 13-12 by LSU but not before they fumbled away a scoring opportunity at the Tiger one in the final minute of play. Then last Saturday night in New Orleans, Texas A&M roared by Tulane 35-3 as Stegent carried the ball 12 times for 111 yards and three touchdowns. His TD dashes were 8, 15 and 55 yards.

Hargett hit 7 of 13 passes for 120 and for the first time in many games the Aggies gained more yards on the ground (241) than in the air (145).

Florida State will be trying to rebound from a heart-breaking 9-3 loss to Florida last Saturday. The Seminoles must crank up their offense if they hope to stay with the Aggies.

Both defenses are led by a pair of outstanding linebackers, Aggie Bill Hobbs and Seminole Dale McCullers. Against Florida, McCullers made 18 tackles and eight assists.

The Aggies have speed at both ends where Jim Adams and Barney Harris run the 100 in less than 10 seconds.

Seminole All-America flanker Ron Sellers has caught 10 passes in two games for 223 yards and one touchdown. Against the Aggies last year, he caught a TD pass.

Check 'em.

☐ **Great opportunity.** You earn a commission while you earn your college degree. Graduate—you start at the top. Fulfill your military obligation as an Army officer. With officer's pay. Officer's privileges.

☐ **Great advantages.** Employers prefer a college graduate with service as an officer. Pay more to get him. Because he's a trained, experienced leader. Can handle heavier responsibilities.

☐ **Great success.** From the 5% of college men who had ROTC training have come 24% of our state governors, 28% of executives earning \$100,000 to \$325,000 per year, 10% of Congress, 15% of our ambassadors.

☐ **Great guys.** ROTC men are campus leaders—in ROTC, athletics, extracurricular activities. And they do better scholastically than non-ROTC students.

☐ **Great extras.** \$50 per month in junior and senior years. Scholarships for outstanding students. Free flight training at over 125 colleges. Extra social activities—military balls, honor societies, bands, rifle teams.

Any way you look at it, there's a lot more going for you when you're in ROTC.

Your future, your decision...

choose **Army ROTC.**

PRINCIPAL INDIVIDUAL PLAYS

List **all** scoring plays; also non-scoring plays (including punts) gaining 50 yards or more, and all missed field goal attempts for both teams.

Under "type of play" indicate rush, pass, int. runback, punt runback, kickoff runback, punt or field goal. List tries-for-points as P.A.T. kick, P.A.T. rush or P.A.T. pass.

On pass play, give passer first, then receiver, and combined yardage of pass and run. Measure runbacks from goal line, if started in end zone. Measure field goal attempts from point of kick. All other plays are measured from line of scrimmage.

Type of Play	Player or Players	Team	Yards	Scored? (Yes or No)

CONDENSED RULES FOR RECORDING FOOTBALL STATISTICS*

(Originated by the N.C.A.A. Football Rules Committee's Sub-committee on Football Statistics)

SECTION 1 — FIRST DOWNS.

A first down shall be recorded whenever the yardsticks are ordered forward by the officials, and when a touchdown is scored from scrimmage (by rushing or passing) within a series of downs starting 10 yards or more from the goal line. A first down is **not** recorded on a touchdown runback, regardless of the distance of the scoring run.

SECTION 2 — RUSHING.

Article 1: All offensive running plays are to be classified as rushing plays, **not** as "plays from scrimmage," since any play begun with a snapback from center actually is a play from scrimmage.

Article 2: Rushing yardage is measured from the line of scrimmage to the point where the ball is declared dead, or is recovered by opponents in the case of a fumble.

Article 3: The rushing total is a **net** figure. All rushing losses must be recorded so as to account for the net figure.

Article 4: All gains on lateral passes which originated or grew out of a rushing play are included in rushing yardage. (See Article 1 of Section 4.)

SECTION 3 — FORWARD PASSING.

Article 1: Forward passing gains or losses are measured from the scrimmage line to the point where the ball is declared dead (or is recovered by opponents in the case of a fumble), so as to include both length of pass and running advance after completion. All yards gained or lost on each completed pass play are credited to **both** the passer and the receiver.

Article 2: Loss from a completed forward pass which did not advance the ball to the scrimmage line is a yardage charge against passing gain.

Article 3: Any loss by a player apparently intending to pass, but thrown behind the line of scrimmage, is recorded as a **loss by rushing**. He is **not** a passer until he has thrown the ball, and he retains at all times the option of running.

Article 4: Interception returns are measured from the point of interception to the point where the ball is declared dead (or is recovered by opponents in the case of a fumble).

Article 5: There is **no** pass completed by penalty. A gain through interference on a passing play is a penalty against the defending team. The passer is **not** charged with a pass attempt, nor credited with a pass completed or yards gained; nor is the intended receiver (or the

player interfered with) credited with a pass caught. The passing team is credited only with a first down by penalty. The defensive (offending) team is charged with a penalty, and the distance from the line of scrimmage to the spot of the penalty under "yards penalized."

Article 6: The forward passer is charged with a forward pass attempt when a forward pass is ruled intentionally grounded.

SECTION 4 — LATERAL PASSING.

Article 1: A lateral pass is always a component of the ultimate play, whether it precedes or follows that play, since the lateral is merely an extension of the original or ultimate play, in effect.

(Approved Ruling — Player A receives a forward pass for a gain of 10 yards, then throws a lateral pass to Player B, who gains an additional 5 yards. Player A is credited with one pass caught and 10 yards under "receiving." Player B is credited with NO pass caught and with 5 yards under "receiving." Player who threw the forward pass is credited with 15 yards under "forward passing.")

(Approved Ruling — Player A catches punt and return 10 yards before throwing a lateral pass to Player B, who returns another 5 yards. Player A is credited with one return and 10 yards under "punt returns." Player B is credited with NO return and with 5 yards under "punt returns.")

Article 2: Incomplete lateral passes are scored as fumbles, and yards lost are charged against the player who, in the scorer's opinion, was responsible for the failure of the pass.

Article 3: Intercepted lateral passes are scored as fumbles, the offensive team being charged with a fumble lost.

Article 4: The official scorer rules on whether a completed pass to a flanker or man-in-motion is a forward or a lateral pass. If the latter, the play is recorded under "rushing." If the pass is incomplete, the subsequent action of the officials reveals whether the pass was a forward or a lateral.

SECTION 5 — TOTAL OFFENSE.

Article 1: Total offense is the combined result of rushing and forward passing **only**, since these two are the only methods by which legal advance can be initiated while retaining possession of the ball.

Article 2: Total offense yardage is the total of **net** gain by rushing and net gain by forward passing. "Receiving" yards gained are **not** included in total offense.

(Continued on back of Form 347-B)

Quotes from Coach Petersen and Players.

"Our kids are winners. They came back. What a great football team we beat tonight.

"Our kids were lucky to get the x second chance. I mean to play a great team like that and win. I know we didn't do a good job last Saturday.

"That was a great effort out there tonight. Probably the ix greatest we've ever had at Florida State. I mean 60 minutes of great effort.

"We didn't put any new x offensive stuff in for A&M. We just took two or three plays we didn't run against Florida and worked like the devil on them.

"Cappleman had a great game. He hit on some big passes.

"But gentlemen, that defense rose to the ~~maximum~~ occasion.

"My one disappointment was that we didn't score when we got down deep there.

"Those four interceptions were tremendously big plays. Our secondary played outstanding. They have that great pride, that great hustle.

"This was what our offense needed. The offensive coaches did a fine job this week. And the defensive coaches if ~~maximum~~ certainly did a job.

"We had a lot of injuries. Sellers got his back hurt and Ratliff didn't play any in the second half.

"What a great player that Stegent is."

QUOTES FROM DEFENSIVE CAPT. WALT SUMNER.

"Eason could have intercepted that last pass if I hadn't. That Stegent is the best back we've seen. Our defensive line gave Hargett a fine rush and this helped set up the interceptions."

QUOTES FROM OFFENSIVE CAPT. LARRY PENDLETON

"That's the toughest defense I've played against. That Krueger and their 67 (middle guard Lynn Odom) were quick and tough. Our lineman probably did the best job we've ever done keeping them off the passer. "

COACH STALLINGS QUOTES:

Throwing four interceptions hurt us ~~the~~ most.

ANY BRIGHT SPOTS? Our sophomore fullback ran the ball well at times.

We're glad we're going to be playing at home for a change.

ANY TURNING POINT IN THE GAME? Can't think of any...we both had opportunities in the second half...they took advantage of the field goal.

IS THIS ONE OF THE MORE BITTER DEFEATS FOR YOU AT A&M?

They're all ~~very~~ bitter to me.

WAS THIS A PIVOTAL GAME FOR YOU FOR THE SEASON?

Heavens no...we've got a long way to go this season.

We did not play as well as we are capable of playing.

When you have the opportunities and don't take advantage of them...well.....

We made too many mistakes and they made the plays when they had too.

Sellers is sure a great player.

WHEN TOLD SELLERS DIDN'T PLAY ~~77~~ TOO MUCH STALLINGS SAID:

I didn't know how much he played but he sure is a great player... but one player doesn't make a team.

FSU made the big plays when they had to.
