

TONIGHT'S GAME

By LONNIE BURT

Sports Information Director

If tonight's contest is anything like the past 12 Florida State-Virginia Tech games, it will be a real "headknocker."

The series is even at 6-6 and seldom has a Seminole-Gobbler tussle been anything but exciting.

The Gobblers, before last week's 27-12 victory over a good West Virginia outfit, had relied on defense as an offensive weapon as well as to stop the enemy. Virginia Tech has crossed the goal line nine times this season and four of these touchdowns have been scored by the defenders.

However, it was a different story against the Mountaineers as the Hokies generated an attack for the first time this year. Leading the way were quarterback Al Kincaid and converted fullback Ken Edwards. The 5-11, Tuscaloosa, Ala., quarterback hit 10 of 20 passes for 116 yards and Edwards carried 9 times for 74 yards, plus performing 25 defensive plays at linebacker.

Gobbler tailback Terry Smoot has returned to the all-star form he showed before an injury sidelined him prior to the Florida State game in 1967. Smoot, 190 pounder from Charleston, W. Va., ran the ball 30 times against the Mountaineers for 122 yards.

Virginia Tech's defense is an aggressive outfit headed by linebacker Mike Widger, 200-pound junior from Pennsville, N.J. To date, Widger is credited with 30 tackles and 92 assists.

On the other hand, Florida State's offense apparently jelled in its 35-28 victory over South Carolina. However, the defense had a troubled night as the Gamecocks picked up 484 yards on their way to four touchdowns.

The passing combination of quarterback Bill Cappleman to flanker Ron Sellers had the greatest game in Florida State history. Sellers, All-America from Jacksonville, broke his own records with 16 receptions for 259 yards and three touchdowns. Cappleman shattered Kim Hammond's old mark with passing yardage good for 437 yards.

Sellers is moving near the top in the all-time college receiving race. Presently, he is fourth on the list with 169 career receptions and third in yardage with 2,861. He needs eight catches to move into third and 13 to move into second. A 22-yard reception would place him second behind all-time leader Howard Twilley of Tulsa and if he catches passes for 483 yards the remainder of this season he will be the most prolific receiver in college football history.

Virginia Tech has a 3-3 record going into the contest with victories over William & Mary (12-0), Wake Forest (7-6) and West Virginia (27-12). The Gobbler losses have been to Alabama (14-7), Kansas State (34-19) and Miami (13-8).

The Seminoles are 4-1.

Check 'em.

☐ **Great opportunity.** You earn a commission while you earn your college degree. Graduate—you start at the top. Fulfill your military obligation as an Army officer. With officer's pay. Officer's privileges.

☐ **Great advantages.** Employers prefer a college graduate with service as an officer. Pay more to get him. Because he's a trained, experienced leader. Can handle heavier responsibilities.

☐ **Great success.** From the 5% of college men who had ROTC training have come 24% of our state governors, 28% of executives earning \$100,000 to \$325,000 per year, 10% of Congress, 15% of our ambassadors.

☐ **Great guys.** ROTC men are campus leaders—in ROTC, athletics, extracurricular activities. And they do better scholastically than non-ROTC students.

☐ **Great extras.** \$50 per month in junior and senior years. Scholarships for outstanding students. Free flight training at over 125 colleges. Extra social activities—military balls, honor societies, bands, rifle teams.

Any way you look at it, there's a lot more going for you when you're in ROTC.

Your future, your decision...

choose **Army ROTC.**

PRINCIPAL INDIVIDUAL PLAYS

List all scoring plays; also non-scoring plays (including punts) gaining 50 yards or more, and all missed field goal attempts for both teams.

Under "type of play" indicate rush, pass, int. runback, punt runback, kickoff runback, punt or field goal. List tries-for-points as P.A.T. kick, P.A.T. rush or P.A.T. pass.

On pass play, give passer first, then receiver, and combined yardage of pass and run. Measure runbacks from goal line, if started in end zone. Measure field goal attempts from point of kick. All other plays are measured from line of scrimmage.

CONDENSED RULES FOR RECORDING FOOTBALL STATISTICS*

(Originated by the N.C.A.A. Football Rules Committee's Sub-committee on Football Statistics)

SECTION 1 — FIRST DOWNS.

A first down shall be recorded whenever the yardsticks are ordered forward by the officials, and when a touchdown is scored from scrimmage (by rushing or passing) within a series of downs starting 10 yards or more from the goal line. A first down is **not** recorded on a touchdown runback, regardless of the distance of the scoring run.

SECTION 2 — RUSHING.

Article 1: All offensive running plays are to be classified as rushing plays, **not** as "plays from scrimmage," since any play begun with a snapback from center actually is a play from scrimmage.

Article 2: Rushing yardage is measured from the line of scrimmage to the point where the ball is declared dead, or is recovered by opponents in the case of a fumble.

Article 3: The rushing total is a **net** figure. All rushing losses must be recorded so as to account for the net figure.

Article 4: All gains on lateral passes which originated or grew out of a rushing play are included in rushing yardage. (See Article 1 of Section 4.)

SECTION 3 — FORWARD PASSING.

Article 1: Forward passing gains or losses are measured from the scrimmage line to the point where the ball is declared dead (or is recovered by opponents in the case of a fumble), so as to include both length of pass and running advance after completion. All yards gained or lost on each completed pass play are credited to **both** the passer and the receiver.

Article 2: Loss from a completed forward pass which did not advance the ball to the scrimmage line is a yardage charge against passing gain.

Article 3: Any loss by a player apparently intending to pass, but thrown behind the line of scrimmage, is recorded as a **loss by rushing**. He is **not** a passer until he has thrown the ball, and he retains at all times the option of running.

Article 4: Interception returns are measured from the point of interception to the point where the ball is declared dead (or is recovered by opponents in the case of a fumble).

Article 5: There is **no** pass completed by penalty. A gain through interference on a passing play is a penalty against the defending team. The passer is **not** charged with a pass attempt, nor credited with a pass completed or yards gained; nor is the intended receiver (or the

player interfered with) credited with a pass caught. The passing team is credited only with a first down by penalty. The defensive (offending) team is charged with a penalty, and the distance from the line of scrimmage to the spot of the penalty under "yards penalized."

Article 6: The forward passer is charged with a forward pass attempt when a forward pass is ruled intentionally grounded.

SECTION 4 — LATERAL PASSING.

Article 1: A lateral pass is always a component of the ultimate play, whether it precedes or follows that play, since the lateral is merely an extension of the original or ultimate play, in effect.

(Approved Ruling — Player A receives a forward pass for a gain of 10 yards, then throws a lateral pass to Player B, who gains an additional 5 yards. Player A is credited with one pass caught and 10 yards under "receiving." Player B is credited with NO pass caught and with 5 yards under "receiving." Player who threw the forward pass is credited with 15 yards under "forward passing.")

(Approved Ruling — Player A catches punt and return 10 yards before throwing a lateral pass to Player B, who returns another 5 yards. Player A is credited with one return and 10 yards under "punt returns." Player B is credited with NO return and with 5 yards under "punt returns.")

Article 2: Incomplete lateral passes are scored as fumbles, and yards lost are charged against the player who, in the scorer's opinion, was responsible for the failure of the pass.

Article 3: Intercepted lateral passes are scored as fumbles, the offensive team being charged with a fumble lost.

Article 4: The official scorer rules on whether a completed pass to a flanker or man-in-motion is a forward or a lateral pass. If the latter, the play is recorded under "rushing." If the pass is incomplete, the subsequent action of the officials reveals whether the pass was a forward or a lateral.

SECTION 5 — TOTAL OFFENSE.

Article 1: Total offense is the combined result of rushing and forward passing **only**, since these two are the only methods by which legal advance can be initiated while retaining possession of the ball.

Article 2: Total offense yardage is the total of **net** gain by rushing and net gain by forward passing. "Receiving" yards gained are **not** included in total offense.

(Continued on back of Form 347-B)

* See the OFFICIAL FOOTBALL STATISTICIANS' MANUAL for complete rulings and interpretations.

(Originated by the N.C.A.A. Football Rules Committee's Sub-committee on Football Statistics)

PRINCIPAL INDIVIDUAL PLAYS

List **all** scoring plays; also non-scoring plays (including punts) gaining 50 yards or more, and all **missed field goal attempts for both teams.**

Under "type of play" indicate rush, pass, int. runback, punt runback, kickoff runback, punt or field goal. List tries-for-points as P.A.T. kick, P.A.T. rush or P.A.T. pass.

On pass play, give passer first, then receiver, and combined yardage of pass and run. Measure runbacks from goal line, if started in end zone. Measure field goal attempts from point of kick. All other plays are measured from line of scrimmage.

List **all** scoring plays; also non-scoring plays (including punts) gaining 50 yards or more, and all **missed** field goal attempts for both teams.

Under "type of play" indicate rush, pass, int. runback, punt runback, kickoff runback, punt or field goal. List tries-for-points as P.A.T. kick, P.A.T. rush or P.A.T. pass.

On pass play, give passer first, then receiver, and combined yardage of pass and run. Measure runbacks from goal line, if started in end zone. Measure field goal attempts from point of kick. All other plays are measured from line of scrimmage.

SECTION 1 — FIRST DOWNS.

A first down shall be recorded whenever the yardsticks are ordered forward by the officials, and when a touchdown is scored from scrimmage (by rushing or passing) within a series of downs starting 10 yards or more from the goal line. A first down is **not** recorded on a touchdown runback, regardless of the distance of the scoring run.

SECTION 2 – RUSHING.

Article 1: All offensive running plays are to be classified as rushing plays, **not** as "plays from scrimmage," since any play begun with a snapback from center actually is a play from scrimmage.

Article 2: Rushing yardage is measured from the line of scrimmage to the point where the ball is declared dead, or is recovered by opponents in the case of a fumble.

Article 3: The rushing total is a **net** figure. All rushing losses must be recorded so as to account for the net figure.

Article 4: All gains on lateral passes which originated or grew out of a rushing play are included in rushing yardage. (See Article 1 of Section 4.)

SECTION 3 — FORWARD PASSING.

Article 1: Forward passing gains or losses are measured from the scrimmage line to the point where the ball is declared dead (or is recovered by opponents in the case of a fumble), so as to include both length of pass and running advance after completion. All yards gained or lost on each completed pass play are credited to **both** the passer and the receiver.

Article 2: Loss from a completed forward pass which did not advance the ball to the scrimmage line is a yardage charge against passing gain.

Article 3: Any loss by a player apparently intending to pass, but thrown behind the line of scrimmage, is recorded as a **loss by rushing**. He is **not** a passer until he has thrown the ball, and he retains at all times the option of running.

Article 4: Interception returns are measured from the point of interception to the point where the ball is declared dead (or is recovered by opponents in the case of a fumble).

Article 5: There is **no** pass completed by penalty. A gain through interference on a passing play is a penalty against the defending team. The passer is **not** charged with a pass attempt, nor credited with a pass completed or yards gained; nor is the intended receiver (or the

player interfered with) credited with a pass caught. The passing team is credited only with a first down by penalty. The defensive (offending) team is charged with a penalty, and the distance from the line of scrimmage to the spot of the penalty under "yards penalized."

Article 6: The forward passer is charged with a forward pass attempt when a forward pass is ruled intentionally grounded.

SECTION 4 – LATERAL PASSING

Article 1: A lateral pass is always a component of the ultimate play, whether it precedes or follows that play, since the lateral is merely an extension of the original or ultimate play, in effect.

(Approved Ruling — Player A receives a forward pass for a gain of 10 yards, then throws a lateral pass to Player B, who gains an additional 5 yards. Player A is credited with one pass caught and 10 yards under "receiving." Player B is credited with NO pass caught and with 5 yards under "receiving." Player who threw the forward pass is credited with 15 yards under "forward passing.")

(Approved Ruling — Player A catches punt and return 10 yards before throwing a lateral pass to Player B, who returns another 5 yards. Player A is credited with one return and 10 yards under "punt returns." Player B is credited with NO return and with 5 yards under "punt returns.")

~~xxxxxxx~~ quotes from Coach Bill Peterson:

"virginia tech was mentally ready to play. we were not.
we made a foot ball team out of them in the first quarter.

"After that we had to try and play catch up football and many
times this can be tangerous.

~~xxxxxxx~~ "Virginia Tech played an excellant game. They didn't
do many things wrong and we did few things right. We let them
take the game away from us in the first half.

"That Edwards was an outstanding runner. He ran over us
xx at times.

"Mistakes killed us and it looked like they took advantage of
every mistake we made. We still~~xxx~~ have four all games to play
and I have ~~xxx~~ faith in our kids. They'll come back."

Quotes from Coach Jerry Claiborn

I'm real proud of our football team tonight. I told the kids before the game you make your breaks, they don't just happen. And that's what we did--we went out and made a few breaks.

We took away the thing Florida State does best with the six interceptions, and that broke their back. We did give them the two long bombs, and that was one thing we tried to take away, but other than that I thought the pass defense was excellent. They dropped some passes, but when you hit hard you're going to drop a few.

Ken Edwards had a tremendous night. That 86 yard run of his was the play we have been looking for all year. We have need a big play like that to give this team the confidence. It broke this game open.

I only have two things to criticize on our team--we had too many penalties and poor tackling. They never should have scored that last touchdown. We had that quarterback (Tommy Warren) trapped back there and let him loose too many times.

We prepared two things to hit them inside with-- the draw and the quick hitters. We did them real well. Edwards scored on a quick hitter.

Our kids really prepared well for this one. They really wanted it. They dedicated themselves this week. We were struggling to get over .500 and this was a good win for us.
