

TODAY'S GAME

By LONNIE BURT

Sports Information Director

It's a good thing Campbell Stadium has lights because today's contest between Florida State and Wake Forest could be a long affair, lasting until the sun goes down.

Both the Seminoles and Deacons have aerial attacks which can lengthen games considerably. The contest stacks up as a passing duel featuring Florida State quarterback Bill Cappleman against Wake's Freddie Summers.

Cappleman, a junior from Dunedin, has completed 115 passes in 220 attempts with two games to go while Summers winds up his career this afternoon. Coming into today, he has 118 completions in 229 attempts for 1,552 yards.

This has been a season of frustration for the Winston-Salem, N.C., club. Picked by many to win the Atlantic Coast Conference, the Deacons started by dropping a slim 10-6 decision to North Carolina State. Then they tied Clemson 20-20 and proceeded to drop three in a row by a total of seven points.

Wake Forest bowed to Big Ten powers Minnesota (24-19) and Purdue (28-27) sandwiched around a 7-6 loss to Virginia Tech. Thus, in their first five games, the Deacs lost four by a total of 11 points.

Some observers figure Wake has more backfield speed than any other ACC club. Summers not only is a talented passer, he's an outstanding runner. In 147 rushes, primarily option plays, the 6-1, 187 pounder from Dorchester, Mass., has gained 420 yards and scored seven touchdowns.

The Deacons' other two top rushers are tailbacks Jack Dolbin (4.6) average and Lee Clymer (3.4).

On the other hand, Florida State had its finest hour of the season last week when the Seminoles put it all together for a 48-7 victory over N.C. State. Cappleman threw for three touchdowns, Bill Gunter scored three and Phil Abairra caught a pair of TD passes.

Seminole defenders put on their finest show by recovering three fumbles, intercepting four passes and blocking a field goal attempt for a touchdown.

All-America flanker Ron Sellers goes into today's contest as the second leading pass receiver college football has ever known. In a three-year span (not including bowl games), Sellers has caught 184 passes for 3,124 yards. In his last two games, the 6-4 Jacksonville senior needs catches good for 220 yards to become the all-time reception yardage king.

This is the eighth meeting between Wake Forest and Florida State with the Seminoles owning a 5-1-1 edge. The Deacs haven't scored on the Seminoles in the last three games, something that will undoubtedly end today.

Check 'em.

☐ **Great opportunity.** You earn a commission while you earn your college degree. Graduate—you start at the top. Fulfill your military obligation as an Army officer. With officer's pay. Officer's privileges.

☐ **Great advantages.** Employers prefer a college graduate with service as an officer. Pay more to get him. Because he's a trained, experienced leader. Can handle heavier responsibilities.

☐ **Great success.** From the 5% of college men who had ROTC training have come 24% of our state governors, 28% of executives earning \$100,000 to \$325,000 per year, 10% of Congress, 15% of our ambassadors.

☐ **Great guys.** ROTC men are campus leaders—in ROTC, athletics, extracurricular activities. And they do better scholastically than non-ROTC students.

☐ **Great extras.** \$50 per month in junior and senior years. Scholarships for outstanding students. Free flight training at over 125 colleges. Extra social activities—military balls, honor societies, bands, rifle teams.

Any way you look at it, there's a lot more going for you when you're in ROTC.

Your future, your decision . . .

choose **Army ROTC.**

PRINCIPAL INDIVIDUAL PLAYS

List **all** scoring plays; also non-scoring plays (including punts) gaining 50 yards or more, and all missed field goal attempts for both teams.

Under "type of play" indicate rush, pass, int. runback, punt runback, kickoff runback, punt or field goal. List tries-for-points as P.A.T. kick, P.A.T. rush or P.A.T. pass.

On pass play, give passer first, then receiver, and combined yardage of pass and run. Measure runbacks from goal line, if started in end zone. Measure field goal attempts from point of kick. All other plays are measured from line of scrimmage.

Type of Play	Player or Players	Team	Yards	Scored? (Yes or No)

CONDENSED RULES FOR RECORDING FOOTBALL STATISTICS*

(Originated by the N.C.A.A. Football Rules Committee's Sub-committee on Football Statistics)

SECTION 1 — FIRST DOWNS.

A first down shall be recorded whenever the yardsticks are ordered forward by the officials, and when a touchdown is scored from scrimmage (by rushing or passing) within a series of downs starting 10 yards or more from the goal line. A first down is **not** recorded on a touchdown runback, regardless of the distance of the scoring run.

SECTION 2 — RUSHING.

Article 1: All offensive running plays are to be classified as rushing plays, **not** as "plays from scrimmage," since any play begun with a snapback from center actually is a play from scrimmage.

Article 2: Rushing yardage is measured from the line of scrimmage to the point where the ball is declared dead, or is recovered by opponents in the case of a fumble.

Article 3: The rushing total is a **net** figure. All rushing losses must be recorded so as to account for the net figure.

Article 4: All gains on lateral passes which originated or grew out of a rushing play are included in rushing yardage. (See Article 1 of Section 4.)

SECTION 3 — FORWARD PASSING.

Article 1: Forward passing gains or losses are measured from the scrimmage line to the point where the ball is declared dead (or is recovered by opponents in the case of a fumble), so as to include both length of pass and running advance after completion. All yards gained or lost on each completed pass play are credited to **both** the passer and the receiver.

Article 2: Loss from a completed forward pass which did not advance the ball to the scrimmage line is a yardage charge against passing gain.

Article 3: Any loss by a player apparently intending to pass, but thrown behind the line of scrimmage, is recorded as a **loss by rushing**. He is **not** a passer until he has thrown the ball, and he retains at all times the option of running.

Article 4: Interception returns are measured from the point of interception to the point where the ball is declared dead (or is recovered by opponents in the case of a fumble).

Article 5: There is **no** pass completed by penalty. A gain through interference on a passing play is a penalty against the defending team. The passer is **not** charged with a pass attempt, nor credited with a pass completed or yards gained; nor is the intended receiver (or the

player interfered with) credited with a pass caught. The passing team is credited only with a first down by penalty. The defensive (offending) team is charged with a penalty, and the distance from the line of scrimmage to the spot of the penalty under "yards penalized."

Article 6: The forward passer is charged with a forward pass attempt when a forward pass is ruled intentionally grounded.

SECTION 4 — LATERAL PASSING.

Article 1: A lateral pass is always a component of the ultimate play, whether it precedes or follows that play, since the lateral is merely an extension of the original or ultimate play, in effect.

(Approved Ruling — Player A receives a forward pass for a gain of 10 yards, then throws a lateral pass to Player B, who gains an additional 5 yards. Player A is credited with one pass caught and 10 yards under "receiving." Player B is credited with NO pass caught and with 5 yards under "receiving." Player who threw the forward pass is credited with 15 yards under "forward passing.")

(Approved Ruling — Player A catches punt and return 10 yards before throwing a lateral pass to Player B, who returns another 5 yards. Player A is credited with one return and 10 yards under "punt returns." Player B is credited with NO return and with 5 yards under "punt returns.")

Article 2: Incomplete lateral passes are scored as fumbles, and yards lost are charged against the player who, in the scorer's opinion, was responsible for the failure of the pass.

Article 3: Intercepted lateral passes are scored as fumbles, the offensive team being charged with a fumble lost.

Article 4: The official scorer rules on whether a completed pass to a flanker or man-in-motion is a forward or a lateral pass. If the latter, the play is recorded under "rushing." If the pass is incomplete, the subsequent action of the officials reveals whether the pass was a forward or a lateral.

SECTION 5 — TOTAL OFFENSE.

Article 1: Total offense is the combined result of rushing and forward passing **only**, since these two are the only methods by which legal advance can be initiated while retaining possession of the ball.

Article 2: Total offense yardage is the total of **net** gain by rushing and net gain by forward passing. "Receiving" yards gained are **not** included in total offense.

(Continued on back of Form 347-B)

QUOTES FROM WAKE FOREST COACH BILL TATE:

"I'm proud of the way the team came back after falling behind by two touchdowns. I don't know if FSU thought it was going to be easy after they got the two quick ones.

"Our offense did a pretty good job, but the defense couldn't stop them. Field position hurt us in the second half. It appeared we tired and we had some injuries. We couldn't substitute at linebacker, because we didn't have anyone left.

"Sellers was the difference in the game. He is a good player, and in coaches' terms means he's great. He has great moves and speed. The ball was laid on the money in most cases.

"I regret we couldn't win in my final game, but that's football. I still don't have anything to say about my future plans. They're still indefinite.

DIGIT LAUGHRIDGE (44), Wake Forest safety: "I played against Sellers two years ago when we were both sophomores. He was good then, but he has improved a thousand percent. I can't say enough about his moves. He'll make it tough on anyone, and he should have a great pro career."

#####

QUOTES BY COACH BILL PETERSON: "This was such a big game. I'm just so proud ~~a~~ for our seniors because this one was for them.
"xx "Sellers put on the greatest exhibition I've ever seen. I just don't know anything else to say about him.

"I thought our defense ~~g~~ made great adjustments. That interception by Benson was a real big play. Our defense shut them out after we went ahead.

"Cappleman had a great day. He overthrew a ~~xxx~~ couple and he dropped the ball a couple of times. But heck, we've never thought him how to carry the ball.

"Our offensive line had another outstanding day on pass ~~xxx~~ protection. I'd heard that if that Summers was hot you'd better look out. And brother he was hot.

"Wake ~~xxxxxxx~~ Forest was really keyed up. And they have a big, strong football team.

"When it was 24-14~~xxx~~ I was worried to death. I said we'd better do something and do something fast.

"We got some outstanding downfield blocking out there today.

"I'd have to ~~xxx~~ say Sellers is better than Biletnikoff. They double cover Sellers so much more than they did Biletnikoff. They come up with something different for him every game."
