Gator Bowl

# TONIGHT

Lonnie Burt  
Sports Info. Dir.

This will be the eighth meeting between Florida State and Houston and the Seminoles will be trying to snap a jinx in that they've never beaten the Cougars.

Houston has gained five victories with the Seminoles managing ties in 1964 (13-13) and 1965 (16-16).

Last year, the Seminoles were embarrassed 33-13 in the Astrodome by a Houston club which one week later drubbed Michigan State 37-7.

As has been the case in recent years, the Cougars have another powerhouse. In fullback Paul Gibson and running back Carlos Bell, Houston owns two of the best rushers in the country. The All-America Gibson has already carried the ball for over 1,000 yards in nine contests which puts him among the nation's top 10 rushers. He gained 230 yards against Georgia in a 10-10 standoff.

Bell, a 6-5, 220 pounder, is the other half of the rushing team which has seen the Cougars average more than 350 yards per contest on the ground.

Not only does Houston pose a major problem on offense, the Cougars are extremely tough on defense since the opposition has managed less than 90 yards per game on the ground.

Junior end Jerry Drones heads a defensive line which has made it unsafe for enemy runners. In the backfield, safety Paul Shires and Johnny Peacock lead a pass defense which has stolen 23 in eight games.

Most observers figure this is a sounder Houston club than the 1967 outfit.

If the Seminoles are to spring an upset, their chief hope lies in All-America flanker Ron Sellers.

## PRINCIPAL INDIVIDUAL PLAYS

List all scoring plays; also non-scoring plays (including punts) gaining 50 yards or more, and all missed field goal attempts for both teams.

Under "type of play" indicate rush, pass, int. runback, punt runback, kickoff runback, punt or field goal. List tries-for-points as P.A.T. kick, P.A.T. rush or P.A.T. pass.

On pass play, give passer first, then receiver, and combined yardage of pass and run. Measure runbacks from goal line, if started in end zone. Measure field goal attempts from point of kick. All other plays are measured from line of scrimmage.

## CONDENSED RULES FOR RECORDING FOOTBALL STATISTICS\*

(Originated by the N.C.A.A. Football Rules Committee's Sub-committee on Football Statistics)

### SECTION 1 — FIRST DOWNS.

A first down shall be recorded whenever the yardsticks are ordered forward by the officials, and when a touchdown is scored from scrimmage (by rushing or passing) within a series of downs starting 10 yards or more from the goal line. A first down is **not** recorded on a touchdown runback, regardless of the distance of the scoring run.

### SECTION 2 — RUSHING.

**Article 1:** All offensive running plays are to be classified as rushing plays, **not** as "plays from scrimmage," since any play begun with a snapback from center actually is a play from scrimmage.

**Article 2:** Rushing yardage is measured from the line of scrimmage to the point where the ball is declared dead, or is recovered by opponents in the case of a fumble.

**Article 3:** The rushing total is a **net** figure. All rushing losses must be recorded so as to account for the net figure.

**Article 4:** All gains on lateral passes which originated or grew out of a rushing play are included in rushing yardage. (See Article 1 of Section 4.)

### SECTION 3 — FORWARD PASSING.

**Article 1:** Forward passing gains or losses are measured from the scrimmage line to the point where the ball is declared dead (or is recovered by opponents in the case of a fumble), so as to include both length of pass and running advance after completion. All yards gained or lost on each completed pass play are credited to **both** the passer and the receiver.

**Article 2:** Loss from a completed forward pass which did not advance the ball to the scrimmage line is a yardage charge against passing gain.

**Article 3:** Any loss by a player apparently intending to pass, but thrown behind the line of scrimmage, is recorded as a **loss by rushing**. He is **not** a passer until he has thrown the ball, and he retains at all times the option of running.

**Article 4:** Interception returns are measured from the point of interception to the point where the ball is declared dead (or is recovered by opponents in the case of a fumble).

**Article 5:** There is **no** pass completed by penalty. A gain through interference on a passing play is a penalty against the defending team. The passer is **not** charged with a pass attempt, nor credited with a pass completed or yards gained; nor is the intended receiver (or the

player interfered with) credited with a pass caught. The passing team is credited only with a first down by penalty. The defensive (offending) team is charged with a penalty, and the distance from the line of scrimmage to the spot of the penalty under "yards penalized."

**Article 6:** The forward passer is charged with a forward pass attempt when a forward pass is ruled intentionally grounded.

### SECTION 4 — LATERAL PASSING.

**Article 1:** A lateral pass is always a component of the ultimate play, whether it precedes or follows that play, since the lateral is merely an extension of the original or ultimate play, in effect.

(Approved Ruling — Player A receives a forward pass for a gain of 10 yards, then throws a lateral pass to Player B, who gains an additional 5 yards. Player A is credited with one pass caught and 10 yards under "receiving." Player B is credited with NO pass caught and with 5 yards under "receiving." Player who threw the forward pass is credited with 15 yards under "forward passing.")

(Approved Ruling — Player A catches punt and return 10 yards before throwing a lateral pass to Player B, who returns another 5 yards. Player A is credited with one return and 10 yards under "punt returns." Player B is credited with NO return and with 5 yards under "punt returns.")

**Article 2:** Incomplete lateral passes are scored as fumbles, and yards lost are charged against the player who, in the scorer's opinion, was responsible for the failure of the pass.

**Article 3:** Intercepted lateral passes are scored as fumbles, the offensive team being charged with a fumble lost.

**Article 4:** The official scorer rules on whether a completed pass to a flanker or man-in-motion is a forward or a lateral pass. If the latter, the play is recorded under "rushing." If the pass is incomplete, the subsequent action of the officials reveals whether the pass was a forward or a lateral.

### SECTION 5 — TOTAL OFFENSE.

**Article 1:** Total offense is the combined result of rushing and forward passing **only**, since these two are the only methods by which legal advance can be initiated while retaining possession of the ball.

**Article 2:** Total offense yardage is the total of **net** gain by rushing and net gain by forward passing. "Receiving" yards gained are **not** included in total offense.

QUOTES FROM COACH BILL PETERSON:

"Our kids were great. I never saw them play like that before.

"We came out in dirty jerseys. The same as we wore for the Wake Forest game. We wanted to let people know we were going to hit from the start. I called the seniors together early last week and told them about it. Before we went out on the field before the start of the game, I gave them the opportunity to change if they wanted to. A couple did but most of them wore the same they wore against Wake Forest.

"Our offensive and ~~the~~ defensive coaches had a tremendous game plan. Defensively, we put a lot ~~on~~ of men on the line of scrimmage and gave them the pass.

"I just can't pick anyone out. They were all tremendous. This was the game our kids wanted. We'd never beaten them. And let me tell you they have a great football team.

"We had to make up our minds on what we ~~was~~ wanted to try and stop. You can't stop everything.

"It's all a mental thing. When we had third down and three, we made it. They were all great out there tonight."

Bill Yeoman --

"Florida State played extremely well. Sellers was great and Cappleman threw the ball as well as you would want it thrown. FSU is capable of scoring 40 points on anyone on a good night like they had tonight. I thought we weren't in the game mentally the first half. After we started executing, our offense worked very well. We should have scored 28 points in the second half and anytime that you can do that, your offense is working well. We had some mental mistakes that hurt us like on the two long passes, there was a mixup on the coverage. One player didn't hear the call and one was in zone coverage and the other in man-to-man. It was obvious from the opening drive that FSU was really fired up and wanted this one very badly....more than we did unfortunately."
