SCORING PLAYS

List all scoring plays in sequence and all tries-for-points on the line following the touchdown.

Under "type of play" indicate rush, pass, interception runback, punt runback, kickoff runback or field goal. List tries-for-points as P.A.T. kick, P.A.T. rush or P.A.T. pass. Indicate missed tries-for-points by NG (no good).

On pass play, give passer first, then receiver, and combined yardage of pass and run. Measure runbacks from goal line, if started in end zone. Measure field goal attempted from point of kick. All other plays are measured from line of scrimmage.

IMPORTANT: Most player categories are now ranked on per-game average. Thus, it's vital that you consider every player (on both teams) with any statistics in any game this season (get season player statistics from both SIDs). Then list below the code number and last name of players who have season figures but did NOT play in this game. A game played is one play—whether or not the player touches the ball. All players will be charged with a game unless you tell NCSS otherwise. If a player with first-time statistics has missed games, fill in below—after getting from his SID how many games missed.

POST-GAME STATEMENTS BY THE COACHES

BY COACH BUD CARSON OF GEORGIA TECH

"It was a real good victory coming when we needed one against a good football team that was well ~~prepared~~ prepared for us.

"I thought our defense played exceptionally well today. The turnovers they forced were certainly important keys to our win.

"Our offense was not as consistent this week as it was ~~is~~ against South Carolina, but fine defensive play by Florida State had a lot to do with that. We are still a young team offensively and we'll improve.

~~and~~ "I'm thankful to win."

BY COACH BILL PETERSON OF FLORIDA STATE

"Tech played a fine game, especially in the second half when I thought they might have wanted it more than we did.

"McAshan is a good one. He has a fine arm, good timing and he was on the money with his passes.

"We started with a new quarterback and new offensive line today and you just don't put things together that quick. We ~~was~~ decided because of the heat that we were going to use two offensive units. That's how Whigham got his chance.

"On that fumble, one of the Tech players jumped offside and Frank tried to hurry his snap count. But the Tech player got back on side and there was a ~~mixup~~ mixup in the backfield.

"I thought for his first game that Whigham did a remarkable job. And our offensive line gave him excellent protection.

"They made big plays and we didn't. But I saw a lot of good things about our team. I still say we can have a good football team.

"Whigham will definitely start next week against Wake Forest."
