

IMPORTANT: Most player categories are now ranked on per-game average. Thus, it's vital that you consider every player (on both teams) with any statistics in any game this season (get season player statistics from both SIDs). Then list below the code number and last name of players who have season figures but did NOT play in this game. A game played is one play--whether or not the player touches the ball. All players will be charged with a game unless you tell NCSS otherwise. If a player with first-time statistics has missed games, fill in below--after getting from his SID how many games missed.

SCORING SUMMARY

List all scoring plays in sequence. "Time left" means time remaining in the quarter. Under "play," to save you time, please use only: Rush, Pass, INT, PR, KOR, FUM, FG or SAF (instead of writing out interception, punt, kickoff and fumble returns, field goal or safety).

On pass play, list passer first, then receiver and combined yardage of pass and

run. All plays are measured from the line of scrimmage except field-goal attempts--from the point of kick to the goal posts (goal line plus 10 yards).

After each touchdown, please continue on the same line and under "FOR EXTRA POINTS ONLY" check (✓) type of PAT (kick, pass or run) and whether good (G) or no good (NG).

QUOTES FROM COACH LARRY JONES:

"I thought Clint Parker's interception broke it open. It was pretty close until then. The offense did a fine job and our line really picked up their blitz. Barry's (Smith) catch was certainly something.

"The defense played extremely well. Of course those interceptions sure did help.

"We dressed 54 players and played 50 of them. Only Geisler and Goldsmith didn't get in.

"It sure is nice to have a weapon like Fontes. He is a great kicker.

"We were dropping the ball early but then we started catching it.

"Kansas was just as big and strong as we expected and they had real fine speed."

QUOTES FROM OFFENSIVE COACH STEVE SLOAN:

"We were trying to get them out of the blitz by changing formations. But then Magalski got hurt and we had to change a lot of things.

"We had hoped to get ahead early and make them play catchup.

"That pass from Huff to Smith isn't in our playbook. Barry noticed something in the first half and told us what was happening. He sure was right."

~~QUOTES FROM KANSAS COACH DON HANCOCK:~~

Quotes from Kansas Coach Don Fambrough

"After we saw films of the Miami game we thought Florida State was an underrated football team. Now we know they are. They did a fine job. Huff is a good quarterback and the Florida State offensive line did an outstanding job. We could not get to the quarterback all night."

We expected FSU to come out passing, but not nearly that much. I think after Magalski got hurt they threw a lot more than we expected.

We lost our poise after getting behind and getting hit with a couple of penalties. That helped FSU out.

Florida State has a much stronger defensive football team than we expected. They did a good job containing us.

The lights had no effect on the game and I do not believe Sheats being out had much to do with the outcome.
