IMPORTANT: Most player categories are now ranked on per-game average. Thus, it's vital that you consider every player (on both teams) with any statistics in any game this season (get season player statistics from both SIDs). Then list below the code number and last name of players who have season figures but did NOT play in this game. A game played is one play--whether or not the player touches the ball. All players will be charged with a game unless you tell NCSS otherwise. If a player with first-time statistics has missed games, fill in below--after getting from his SID how many games missed.

SCORING SUMMARY

List all scoring plays in sequence. "Time left" means time remaining in the quarter. Under "play," to save you time, please use only: Rush, Pass, INT, PR, KOR, FUM, FG or SAF (instead of writing out interception, punt, kickoff and fumble returns, field goal or safety).

On pass play, list passer first, then receiver and combined yardage of pass and

run. All plays are measured from the line of scrimmage except field-goal attempts--from the point of kick to the goal posts (goal line plus 10 yards).

After each touchdown, please continue on the same line and under "FOR EXTRA POINTS ONLY" check (✓) type of PAT (kick, pass or run) and whether good (G) or no good (NG).

IMPORTANT: Most player categories are now ranked on per-game average. Thus, it's vital that you consider every player (on both teams) with any statistics in any game this season (get season player statistics from both SIDs). Then list below the code number and last name of players who have season figures but did NOT play in this game. A game played is one play--whether or not the player touches the ball. All players will be charged with a game unless you tell NCSS otherwise. If a player with first-time statistics has missed games, fill in below--after getting from his SID how many games missed.

TUISA COACH HOOT GIBSON:

"we played real well the first half but when ralph mcgill missed the interception that enabled them to score right before the half...that hurt.

"in the second half gary huff was just hot. i've never seen anybody throw the ball that well this season...anywhere. on the touchdown pass over arthur calloway (to harry smith for 61) he laid in right in there perfectly."

"i was surprised they could blow us out inside the tackles in the second half.

On Steve Bowling: "he ran better than anybody we've had running in awhile. he ran hard and cut in well. he got a little tired in the second half.

"florida state has a fine football team. i just hoped we could play a little better. i think they really hurt us running out of the I in the second half and cutting back when we over-pursued."

QUOTES FROM COACH LARRY JONES:

"I'm happy for the team. They've worked hard and they deserve to go to a bowl. We're honored that the Fiesta Bowl invited us. Our coaching staff also deserves a lot of credit.

"We didn't play very well defensively in the first half and I was ~~scared~~ scared that their field goal just before halftime might give them momentum. But we came back and played well in the second half.

"Offensively we had a fine night. Huff was on target and we had some fine receptions from Gaydos, Smith and Dawson. Gary Parris also made a big catch.

"Our running ~~game~~ game was the best of the ~~season~~ season. Magalski and Munroe ran well and Jarrett's blocking was outstanding. Our offensive line really did the job.

"Our kickoff coverage was ~~3~~ good and ~~the~~ Fontes was doing a good job of placing his kicks. All in all it was a fine effort.

"Now we must look to Pittsburgh next week. An 8-3 season is what we are shooting for. As for the bowl game, I'm not sure right now when we'll start back to practice but I would guess it will be around the 14th or 15th of December."
