TONIGHT'S GAME

By Lonnie Burt

SQUAD CAPTAINS

This will be the first meeting between independents Pittsburgh and Florida State and it closes out the regular schedule for both clubs although the Seminoles have a Dec. 27 Fiesta Bowl date against Arizona State in Phoenix.

The Panthers have faced a murderous schedule with the last two opponents being Notre Dame and Cotton Bowl-bound Penn State. Pitt was over-matched on both occasions, bowing to the Irish 56-7 and the Nittany Lions 55-18.

Defense has been the Panthers' problem most of the season since they have given up an average of 35.7 points per contest. Lack of experience has hurt since Pitt starts four sophomores on its defensive unit.

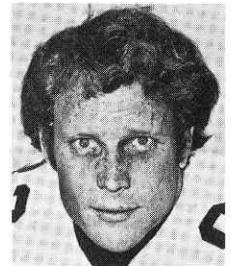

However, in senior linebacker Ralph Cindrich the Panthers have an All-America possibility.

Quarterback Dave Havern and split end Steve Moyer have turned into the greatest passer-receiver combination in Panther history. Moyer owns six Pitt career offensive records and Moyer, a 6-1, 190 pounder, broke the career reception record two weeks ago against Notre Dame.

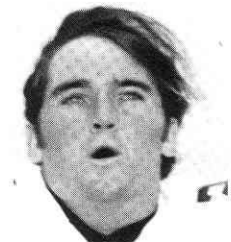

With a total of four sophomores starting on defense and four more on offense, the Panthers have suffered growing pains, especially against such foes as Oklahoma, Notre Dame and Penn State.

Defensively, the Panthers present a sizable front five which is braced by left tackle Howard Broadhead, a 6-4, 265-pound senior.

Joel Klimek, senior tight end, is compared favorably with former Pitt All-America, Mike Ditka. Fullback Lou Julian is the leading rusher, averaging just under four yards per carry while Klimek and Moyer are Havern's favorite passing targets.

IMPORTANT: Most player categories are now ranked on per-game average. Thus, it's vital that you consider every player (on both teams) with any statistics in any game this season (get season player statistics from both SIDs). Then list below the code number and last name of players who have season figures but did NOT play in this game. A game played is one play--whether or not the player touches the ball. All players will be charged with a game unless you tell NCSS otherwise. If a player with first-time statistics has missed games, fill in below--after getting from his SID how many games missed.

SCORING SUMMARY

List all scoring plays in sequence. "Time left" means time remaining in the quarter. Under "play," to save you time, please use only: Rush, Pass, INT, PR, KOR, FUM, FG or SAF (instead of writing out interception, punt, kickoff and fumble returns, field goal or safety).

On pass play, list passer first, then receiver and combined yardage of pass and

run. All plays are measured from the line of scrimmage except field-goal attempts--from the point of kick to the goal posts (goal line plus 10 yards).

After each touchdown, please continue on the same line and under "FOR EXTRA POINTS ONLY" check (✓) type of PAT (kick, pass or run) and whether good (G) or no good (NG).

IMPORTANT: Most player categories are now ranked on per-game average. Thus, it's vital that you consider every player (on both teams) with any statistics in any game this season (get season player statistics from both SIDs). Then list below the code number and last name of players who have season figures but did NOT play in this game. A game played is one play--whether or not the player touches the ball. All players will be charged with a game unless you tell NCSS otherwise. If a player with first-time statistics has missed games, fill in below--after getting from his SID how many games missed.
