REID OSLIN

FROM  
THE DESK  
OF THE  
EDITOR

Coach Joe Yukica and his Boston College Eagles bring a perfect 3-0 record into tonight's game against Florida State — the team's best start since the 1970 season when our Eagles also won the first three games of the year.

Actually, B.C. has strung together seven straight victories, going back to last year's 21-7 win over Miami on November 1 — and that's a skein that the Eagles haven't matched since 1957 when a Mike Holovak — coached team also put seven together.

\* \* \*

The Seminoles have a new coach this year, but he's no stranger to Boston College fans. He's Bobby Bowden, who just made the move to Tallahassee from West Virginia.

Coach Bowden led the Mountaineers to an 8-3 record last season (including a win over B.C. in Morgantown) and a victory over North Carolina State in the Peach Bowl.

Overall, he came into the '76 campaign with a 73-32 lifetime coaching record, 14th best in the nation among all major schools.

Bowden has a simple theory of coaching: "You can take all the X's and O's and all the fancy formations and hidden defenses, but if you can't block and tackle better than the people you are playing, you are going to get beat."

The Seminoles blocked and tackled better than Kansas State last Saturday night and rolled up a 20-10 victory — Coach Bowden's first at Florida State.

\* \* \*

Sincere good wishes go out from Press Row to the six new members of the Boston College Hall of Fame. These distinguished athletic alumni will be inducted into the Hall during special halftime ceremonies at tonight's game.

The six inductees are: Eddie Gallagher '32 (football and baseball); John Dixon '32 (football and baseball); Al Morro '42 (football and track); Tim Ready '36 (hockey and baseball); Dan Sullivan '62 (football) and Jim O'Brien '71 (basketball).

BC Varsity Club President J. Frank Colbert '26 and Hall of Fame Committee Chairman F. Alvin Ricci '32 also deserve a tip of the cap for their usual outstanding degree of organization and competence in making tonight's reception and induction ceremonies such a resounding success.

There's lots more good football on tap here at Alumni Stadium this fall. We'll be back here next Saturday night to watch Coach Yukica's Eagles take on the West Virginia Mountaineers — always one of the East's best teams. Kickoff will again be at 7:30 p.m.

In November, we'll start our afternoon games here at

## NAUTILUS

PHYSICAL FITNESS & TRAINING CENTER

160 Charlemont Street, Balco Building, Newton, Mass. 02161  
(617) 965-0380

Near Rt. 9. Exit 56E (Highland Ave.) on Rt. 128.  
Just off Needham St.

### A New Theory in Physical Fitness

Nautilus training equipment provides full range, resistive exercise with variable intensities.

It's quick, safe, and physiologically designed  
A no-nonsense approach to body conditioning

### Why is the Nautilus program unique?

Because properly conducted exercise with Nautilus equipment can;

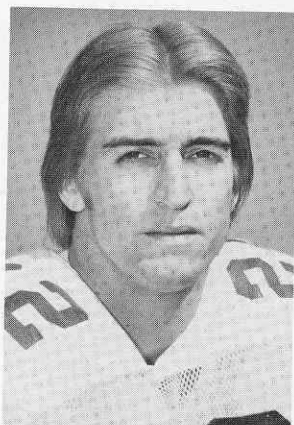

- increase body strength and muscle endurance,
- improve cardiovascular ability or — *condition*,
- increase range of movement or — *flexibility*,
- provide the most efficient means of energy expenditure or — *burn calories*,
- develop speed of movement for any athletic activity,
- help prevent athletic injury,
- be a quick, efficient aid for any orthopedic rehabilitation program,
- allow for isolation of any muscle group for specific conditioning.

**Work out time** averages thirty to forty-five minutes per session. Depending upon your goal, only a maximum of three sessions a week and a minimum of two are necessary. It's that quick. That easy.

# FLORIDA STATE UNIVERSITY

As the second oldest university in the state, Florida State University continues to revere its historic past while at the same time setting high standards for the future.

Since its founding in 1857, when it was known as the Seminary West of the Suwannee, the University has forged out a sprawling campus with nearly 22,500 students—an all-time high—and boasts of a faculty that is both nationally and internationally recognized.

It has been a year of change at Florida State. Members of the University community witnessed not only the resignation of Dr. Stanley Marshall, President of Florida State, but also the possible fascinating discovery of new chemical elements. And, despite the lingering economic slowdown, the University proceeded in building projects—both under way and on the drawing boards—that total almost \$15 million.

On March 8, Dr. Marshall tenured his resignation after serving the University as President for seven years. The man who led the University through some of the most difficult periods in its history stated simply that he thought it was “time for me to make a change in my professional life and in my life-style.” He was replaced by Executive Vice President Bernard Sliger who will serve as Interim President until a replacement for Dr. Marshall has been selected.

Another major change took place within the Athletic Department when Bobby Bowden was picked to replace Darrell Mudra as head football coach. A former Seminole assistant coach, Bowden came to Florida State from West Virginia University.

Of worldwide significance was the probable discovery of new chemical elements, far heavier than any yet

known, by a group of scientists working at the University. If they are confirmed, the new elements (possibly as many as six of them) would be the first natural elements found in 51 years and the first ever found in the United States.

The research, which actually was begun at the University of California, was moved to Florida State because of the unique abilities of the Tandem Van de Graaff Accelerator Laboratory located on campus.

Long known as one of the top research institutions in the nation, Florida State University continued receiving millions of dollars for research efforts. One grant, awarded to the Career Education Center, was for \$900,000, while another from the Lilly Endowment, Inc. for \$275,716, went to the University's Charles MacArthur Center for American Theatre. The Center eventually will be housed in a multi-million dollar complex located next to the Fine Arts Building.

Construction was an important issue during the past year. Principal projects under way or in the planning stages at the University include a physics laboratory, \$1,439,437; renovation of the Diffenbaugh Building, \$3,755,500; air conditioning of buildings campus-wide, \$6,000,000; a new College of Education building, \$3,054,000; a music building, \$5,300,000; a maintenance complex, \$2,000,000; and the long-awaited Tallahassee-Leon County Civic Center, \$24,000,000.

The Center will be shared by Tallahassee-Leon County residents, Florida State and Florida A&M Universities. It will be used for everything from basketball games to dog shows and will have a maximum seating capacity of 13,500.

During commencement exercises for some 6,000 students, the University awarded honorary Doctor of Humane Letters degrees to Board of Regents member Chester Ferguson and Stephen O'Connell, former president of the University of Florida and State Supreme Court justice.

Also during commencement, Elena Nikolaidi, professor of voice, was named Distinguished Professor of the Year, the highest honor the University faculty can accord one of its peers.

Another member of the music faculty, Carlisle Floyd, who since has accepted a position with the University of Houston, received the 1975-76 American Society of Composers, Authors and Publishers (ASCAP) award while at Florida State. For Floyd it was the 15th consecutive year he had won the award.

As in years past, the University has brought to campus many outstanding personalities to lecture and perform for the community. Included among the notables were trumpeter Dizzy Gillespie, consumer advocate Ralph Nader, newsman Daniel Schorr, playwright William Saroyan and actress Celeste Nader.

In addition to approximately 90 different baccalaureate fields of study at the undergraduate level, 58 doctoral programs and more than 85 master's degree areas, the University offers a variety of innovative and challenging special programs. Florida State maintains study centers in Florence, Italy, and London, England, which are open to all State University System students, and the University's Department of Hotel and Restaurant Administration annually conducts a summer program of study in Switzerland. There also are cooperative programs with Florida A&M University and Tallahassee Community College and courses geared to special and honor students.

### SCORING SUMMARY

List all scoring plays in sequence. "Time left" means time remaining in the quarter. Under "play," to save you time, please use only: Rush, Pass, INT, PR, KOR, FUM, FG, or SAF (instead of writing out interception, punt, kickoff and fumble returns, field goal or safety).

On pass play, list passer first, then receiver and combined yardage of pass and

run. All plays are measured from the line of scrimmage except field-goal attempts—from the point of kick to the goal posts (goal line plus 10 yards).

After each touchdown, please continue on the same line and under "FOR EXTRA POINTS ONLY" check (✓) type of PAT (kick, pass or run) and whether good (G) or no good (NG).

Team	Qtr.	Time Left	Play	Player(s)	Yards	FOR EXTRA POINTS ONLY Player(s)	K	P	R	G	NG

QUOTES FROM THE FLORIDA STATE LOCKERROOM

HEAD COACH BOBBY BOWDEN

"The defense forced a lot of Boston College mistakes and we capitalized. That is what it takes to win. You have to take advantage of the other team's mistakes.

"Joe Yukica and I have gone against each other five times. The games have never been close. One of the two has always won big.

"This win means a lot, but I can't tell you where it ranks among my coaching victories.

"Bill Duley was very instrumental. I thought he did a great job of kicking against the wind.

"The Good Lord took care of us last week. We didn't practice outside ~~XXXXXXXXXXXXXXXXXXXXXXXXXXXX~~ Wednesday or Thursday because of the rain. I think he was telling us that we ~~EEEE~~ were working too hard.

"We ran a lot more than I expected. We came into the game expecting to pass a lot more, especially on first and 10.

"Other than the blocked field goal I thought it was the most completed game we've played this year.

-0-0-0-0-0-0-0-0-

QUOTES FROM BOSTON COLLEGE COACH JOE YUKICA:

"It was a very disturbing football game...we did some foolish things out there, like giving them good field position and turning the ball over at critical times.

"We made a couple of foul-ups on offense -- our offense was only fair at best.

"At 14-9 I still felt that we could win the game. We played good enough defense in the first half and early in the second...

"Their quarterback made some key plays -- especially on third down situations where we had good coverage but he broke out and made the plays go...

"I was disappointed in our kicking game...the loss of Pete LaBoy (knee) early in the game was very critical...

"It's a very tough kind of loss from which to come back."

--30--
