IMPORTANT: Most player categories are ranked on per-game average. Thus, it's vital that you consider every player (on both teams) with any statistics in any game this season (get season player statistics from both SIDs). Then list below the last name of players who have season figures but did NOT play in this game. All players with previous statistics will be charged with a game unless you indicate otherwise under DID NOT PLAY IN THIS GAME. A game played is one play—whether or not the player touches the ball. (For guidelines on a game played, refer to BI-7 in 1977 Official Football Statisticians' Manual.) If a player with first-time statistics has missed games, fill in below—after getting from his SID how many games missed.

DE GRASSI'S

"It's beautiful to win."

"They hung in there, especially the first half."

"It looked for awhile there like we were falling apart with injuries. We learned that we've got to play and play no matter what the circumstances."

"I didn't even consider going for the first fourth down early in the game. We want the points on the board."

On FSU's Jordan - "Thought he did pretty well." He smiled as he drops deep, but we got some pressure on him."

"Pass defense is only as good as the pass rush."

~~XXXXXXXXXX~~

FLORIDA STATE LOCKER ROOM
~~XXXX~~ BOBBY BOWDEN

The second half offensively reminded me of the Clemson game last year. We got the PAT to go ahead 17-10 and then the poor center snap...that is when we seemed to start ~~losing~~ losing it.

"We had two opportunities to clinch it with field goals and didn't get it. I thought the defense played well enough to win

"We are so damn immature that it finally caught up with us. We made maturity errors late in the third quarter and at the start of the fourth that hurt us. An instance would be where we had the ball in field goal range and would get pushed back.

"In the second half early whatever we were doing good we lost it.

"When we're passing hot we are going to be a hot football team...when we're cold we're going to be a cold football team.

"The offensive line is the one area of our football team that needs help...game experience.

"Miami threw every kind of blitz at us that you could imagine. They were a well-prepared football team. We didn't know what they were going to do on pass defense.

"One thing that really hurts is to put so many people in the ~~stands~~ stands and then lose.

"I really expected to be 3-0 after tonight--what with playing the game at home and all. I felt like we could beat Miami.

"Miami is a well-coached football team that has a lot more poise than we do.
