

IMPORTANT: Most player categories are ranked on per-game average. Thus, it's vital that you consider every player (on both teams) with any statistics in any game this season (get season player statistics from both SIDs). Then list below the last name of players who have season figures but did NOT play in this game. All players with previous statistics will be charged with a game unless you indicate otherwise under DID NOT PLAY IN THIS GAME. A game played is one play—whether or not the player touches the ball. (For guidelines on a game played, refer to BI-7 in 1979 Official Football Statisticians' Manual.) If a player with first-time statistics has missed games, fill in below—after getting from his SID how many games missed.

List all scoring plays in sequence. "Time left" means time remaining in the quarter at the conclusion of the scoring play. Under "play," to save you time, please use only: Rush, Pass, INT, PR, KOR, FUM, FG, or SAF (instead of writing out interception, punt, kickoff and fumble returns, field goal or safety).

After each touchdown, please continue on the same line and under "FOR EXTRA POINTS ONLY" check (✓) type of PAT (kick, pass or run) and whether good (G) or no good (NG).

Coach Howard Schnellenberger:

We played a very good Seminole team that did a lot of things right. We did a lot of things poorly. When you have as many errors in the kicking game, when you're as ineffective on offense and you're playing a good team, you're going to have a lot of points scored against you. I didn't ~~think~~ think the fullback got over on the touchdown. I couldn't understand how the ~~offense~~ official on their side could overrule the guy on our side. I had hoped they couldn't (run the ball), but they're a very good football team that ran the ball very well. We had a lot of bad things happen early to us. Their secondary played very well, but a secondary can play well when they get a good rush. I knew we were coming into a hornets nest against a good team and a team that could become a great team.

FLORIDA STATE HEAD COACH BOBBY BOWDEN:

"I thought ~~EE~~ we played better tonight. I thought we played better than last week. I think we had control of the game and then lost it there with the interception late in the second quarter. Boy did that scare me. I thought we were losing momentum.

"After that first drive we knew that we had to contain the quarterback. I don't think he broke containment more than one time after that.

"I said last week that I thought the winner would be the team that had the better running game. Ramsey and Lyles made a big improvement, but I believe the offensive line had something to do with that. That offensive line is getting to be pretty good.

"I don't know what the stats are but our defense is playing pretty good. I felt that for them to beat us they needed to break something big and we didn't let them.

PLAYER QUOTES

Greg Ramsey

"The offensive line was blocking great--I guess the runningbacks were doing pretty well too."

"Before ~~we~~ ~~xx~~ the game we emphasised running the ball. We had a feeling that Miami would be playing the pass and dropping the linebackers back--we knew we had to run."

"After the game last week I knew I had to improve and improve with each game."

"I felt Miami didn't have any respect for us and were looking forward to their future games."

Mark Lyles

"We were much more confident this week. We knew we had to do a job and prepare ourselves all week--I guess it oayed off."

"We knew Miami was going to play against the pass-droppng the linebackers and all."

"We really ahd no choice we had to run, they were playing so deep. It was like three yards and a cloud af dust."

"Greg (Ramzey) was the key to the game--he oped up the offesne."

"This is the best offensive line we've ever had."

On Touchdown: My body was not over the plan, but the ball was."

"It looks like ikx no more struggling--I've found my Homes Hohnson."

Wally Woodham

"We have to have a balabced attack to win."

"Greg really ahd a super night tonoght."

"They (Miami) play the pass so much--double covering our wideouts--we had to go to the pass."

"I hope I can gain some confidence form this game."

Sam Platt

"I haven't played up to my potential--yet."

"Before the game we knew we needed a running attack."
