Coaches Quotes--Florida State's Bobby Bowden

"I thought we played a good game overall. We moved the ball well and that's always encouraging. You have to give South Carolina a lot of credit. They're a football team that never quits. That kept coming at us and really never quit. I think once Richard Bell is here for a few years, you'll see a totally different team. South Carolina is a good team when they're consistent.

"We're not a very good team when we quit throwing the ball. When we scored our eighth touchdown and shut off the pass it really showed.

"Our kicking game was horrible. A close game and we lose because of it. When your team has the game won, it really doesn't matter, but I hate to see such sloppy play.

FSU linebacker Tommy Young: "It was a big game for us. They surprised me by the way they came at us but overall I was pleased with the way the defense held. In the second half we decided that we had to shut down the run and we were successful doing it in the third quarter.

FSU's Kelly Lowrey: Our line offensive line deserves a lot of credit. They did a great job of protecting me and I don't think I was sacked all day. After a shaky start, our receivers started making some great catches. It was a tremendous team effort.

SOUTH CAROLINA HEAD COACH RICHARD BELL

"This was a great disappointment, a great frustration. I've never been a part of a score like this one. I hurt for the players. I can't say many positive things about today. We've got to go out and get after it.

"The first guy to take responsibility is me. There wasn't a tremendous effort out there. It was a nightmare.

"Our kicking game went backwards. That was especially disappointing since we worked so hard on it this week at practice to make it an offensive weapon. The only thing is know for sure is that we can't give up.

"The first half we didn't have any penalties at all, we weren't beating ourselves. The second half was a nightmare."

IMPORTANT: Most player categories are ranked on per-game average. Thus, it's vital that you consider every player (on both teams) with any statistics in any game this season (get season player statistics from both SIDs). Then list below the last name of players who have season figures but did NOT play in this game. All players with previous statistics will be charged with a game unless you indicate otherwise under DID NOT PLAY IN THIS GAME. A game played is one play—whether or not the player touches the ball. (For guidelines on a game played, refer to Official Football Statisticians' Manual .) If a player with first-time statistics has missed games, fill in below—after getting from the SID how many games missed.

IMPORTANT: Most player categories are ranked on per-game average. Thus, it's vital that you consider every player (on both teams) with any statistics in any game this season (get season player statistics from both SIDs). Then list below the last name of players who have season figures but did NOT play in this game. All players with previous statistics will be charged with a game unless you indicate otherwise under DID NOT PLAY IN THIS GAME. A game played is one play—whether or not the player touches the ball. (For guidelines on a game played, refer to Official Football Statisticians' Manual.) If a player with first-time statistics has missed games, fill in below—after getting from the SID how many games missed.

SCORING SUMMARY

List all scoring plays in sequence. "Time left" means time remaining in the quarter at the conclusion of the scoring play. Under "play," to save you time, please use only: Rush, Pass, INT, PR, KOR, FUM, FG, or SAF (instead of writing out interception, punt, kickoff and fumble returns, field goal or safety).

On pass play, list passer first, then receiver and combined yardage of pass and

run. All plays are measured from the line of scrimmage except field-goal attempts—from the point of kick to the goal posts (goal line plus 10 yards).

After each touchdown, please continue on the same line and under "FOR EXTRA POINTS ONLY" check (✓) type of PAT (kick, pass or run) and whether good (G) or no good (NG).
