WEST VIRGINIA HEAD COACH DON NEHLEN--"Boy the big-pp plays bothered us. Just like Bobby said all week, when they make the big plays they win and when they don't, they lose. Well, I think you will agree, they made the big plays tonight.

Our special teams did not play good at all and we did not execute on offense. Boy their backs are good.

"The touchdown pass right at the end of the first half really hurt us. We had great coverage on the play but their guy just made a great catch. The punt return early in the third quarter was typical of the entire game. Willie pulls a muscle on the play or he scores. Then we don't get any points out of it. I don't know if that would have changed the game but it sure would have been a great help.

"They have so much team speed that it amazes me. The weather is no excuse. I never worry about the weather because I can't control it. Jeff didn't throw the ball well at times but their kids had to play in it too. .

"I do not think we were overconfident. I thought we were ready to play. I thought the defense played real well but they were on the field too long. We just couldn't get anything going on offense and we knew coming in we would have to score to beat them. I still proud of these guys. They had a great year and have nothing to be ashamed of."

Florida State Head Coach Bobby Bowden ----- "I got no thrill whatsoever in the fact that we beat West Virginia. . .I am ~~happy~~ happy because we won the Gator Bowl. I spent ten years up there and those are good people. It was our environment tonight. I don't know how the rain affected the game but I think everything else was in our favor.

Our defense was challenged tonight because West Virginia has such a great defense. Our kids wanted to play well because they knew about their defense. This game and the Miami game were definitely our best games this year defensively.

I thought McKinnon's catch at the end of the half and then when we stopped them after the long punt return were the two keys to the win. We stopped them on the 7 and they missed the field goal and that really hurt them. Old Harlow made the tackle -- I always said he could tackle about as far as he could punt.

We learned from experience on playing in the rain. We found out that Blair could throw the ball a little better than Kelly in the rain because his hands are bigger. That worked out great this time because we had Blair ~~xx~~ starting the game anyway.."
