FLORIDA STATE VS. SOUTH CAROLINA
COACHES QUOTES

Bobby Bowden, Florida State

"I thought Bob Davis came out and played like a human being. You know he had to think about starting the football game all week. It would have been better if we could have told him that he was starting the night before. He wouldn't have had so much time to think. He came calling plays and he was making up stuff we've never heard of. He just wasn't going step by step. Mike Kruczak talked to him at half time and he came out in the second half and played very well. He did things right. South Carolina really fought us. I knew they would because they've been fighting good people all year. Joe Morrison has done a heck of a job with that team. They took our tailback away from us all night. They were going to make our quarterback back run the ball. We took what they gave us on the option. Their option gave us fits. It's the third time this year that we've played an option team and everyone has moved it up and down the field. If I thought the interception was a turning point (Phillips interception) that gave us a little padding. This was a great win for us."

Joe Morrison, South Carolina

"That was one heck of a football game you saw out there tonight. Both teams went out and played hard. I was pleased with our overall performance, but we just didn't score enough I guess."

"I guess that biggest thing that bothered me was the breakdown on special teams. We had a punt and a field goal blocked and both cost us heavily."

"I can't say we put any pressure on their quarterback tonight, but he didn't do anything in the first half to let us put pressure on us. He didn't pass much, and when he did it was play action and screens, high percentage plays."

"If I had to pick a turning point it was in the ~~first~~ second half when we had a first and goal on the three. We got a procedure and that led to the blocked field goal. It really turned the game around."

IMPORTANT: Most player categories are ranked on per-game average. Thus, it's vital that you consider every player (on both teams) with any statistics in any game this season (get season player statistics from both SIDs). Then list below the last name of players who have season figures but did NOT play in this game. All players with previous statistics will be charged with a game unless you indicate otherwise under DID NOT PLAY IN THIS GAME. A game played is one play—whether or not the player touches the ball. (For guidelines on a game played, refer to Official Football Statisticians' Manual.) If a player with first-time statistics has missed games, fill in below—after getting from the SID how many games missed.

SCORING SUMMARY

List all scoring plays in sequence. "Time left" means time remaining in the quarter at the conclusion of the scoring play. Under "play," to save you time, please use only: Rush, Pass, INT, PR, KOR, FUM, FG, or SAF (instead of writing out interception, punt, kickoff and fumble returns, field goal or safety).

On pass play, list passer first, then receiver and combined yardage of pass and

run. All plays are measured from the line of scrimmage except field-goal attempts—from the point of kick to the goal posts (goal line plus 10 yards).

After each touchdown, please continue on the same line and under "FOR EXTRA POINTS ONLY" check (✓) type of PAT (kick, pass or run) and whether good (G) or no good (NG).
