POST-GAME QUOTES:

Florida State Head Coach Bobby Bowden:

"Today was a very physical football game, but that's what you expect with Michigan State. We had every advantage -- the biggest was the heat. Our motto was 'burn baby burn' and I don't see how Michigan State did it. It's tough to play in this heat and they played extremely well. We had a chance to put it away early, but that was a big momentum swing in the third quarter when they scored. But LeRoy Butler's interception put it away. At the half, our coaches made good adjustments they tightened up and didn't allow Ezor to cut back. There's nothing worse than when somebody gives you a point and you don't take it. When we got the opening fumble, and missed the kick, that's awful difficult. I feel like we're getting better, we played much tougher football teams early this year, but injuries are beginning to catch up to us. When I say tough football teams, I put Michigan State right up there. They're as tough as anyone we play.

"Deion played typically dangerous, exciting football. Our secondary all played well. But when you've got Deion back for a punt return, you know if you give him a crack, he can get through it and score. I'm happy with the defensive play and we play a lot of people, sometimes it scares me, I like to look out and see the first team."

Michigan State Head Coach George Perles:

"That's probably the best of the three football teams we've played this year. They have an enormous amount of talent. They had one lapse where we got withing three points. We had a terrible game passing the ball. We ran the ball OK, our special teams need improvement, that's a place ~~where~~ immediate improvement.

"After the interception, it was time to experiment with Dan Eno, and it was time to get Bobby out of there and on the sidelines where he could get a different perspective on the game. That's an awfully good football team. Florida State had probably everybody coming back from last year and that's why they were ranked so high coming into the season. They feel like they've just made it through the toughest part of their schedule and I expect them to be 10-1 at the end of the year. For some reason, we get ourselves in this position going into the Big Ten season, the kids are already talking about next week, I don't think you'll see us hang our heads. I think you'll see us have a good week of practice and be ready to come back next week."
