*** Amp Lee's three rushing touchdowns marked a season high and was just one shy of the Seminole single game record.

FSU HEAD COACH BOBBY BOWDEN

"I was afraid we might come out a little flat today after two straight losses, but we scored the first two times when they made mistakes. I think those scores helped us a lot. LSU is a very young team, they're even younger than we are. They'll do a huge turnaround by this time next year. It's a shame what happened at the end. It was one of the cleanest games that we've had in a long time, and all that happened at the very end. I'm sure both teams are sorry that it happened. Sometimes when you put subs in there at the end they- go crazy. We were not intending to throw a pass late in the game. We called 92 and he ran 82, which is a pass. I'm sure it looked like we were trying to run up the score. I usually do that, but I wasn't today. The defense played pretty doggone well. They set our offense up time and again. The hail Mary really helped. Brad Scott and Mark Richt talked me into running it. The play is called "Berlin" -- Bowden don't call rooskies anymore. It just doesn't seem like that big a milestone to me (200 victories). It probably will when I'm through coaching. I wonder if I'm too old to go for 300."

SCORING SUMMARY

List all scoring plays in sequence. "Time left" means time remaining in the quarter at the conclusion of the scoring play. Under "play," to save you time, please use only: Rush, Pass, INT, PR, KOR, FUM, FG, or SAF (instead of writing out interception, punt, kickoff and fumble returns, field goal or safety).

On a pass play, list the passer first, then the receiver and combined yardage of pass and run. After each touchdown, please continue on the same line and under OFFENSIVE EXTRA POINT ATTEMPTS check () the type of PAT (kick, pass or run) and whether good (G) or no good (NG). If the defensive team GAINS POSSESSION (refer to Section 11 of the Statistician's Manual) after returning a PAT kick attempt or intercepts a PAT pass attempt or recovers a fumble on a two-point attempt before it touches the ground, continue the appropriate entries under DEFENSIVE EXTRA POINT ATTEMPTS (see example). If a player scores on a Defensive Extra Point Attempt, indicate the yardage in parentheses after his name.
