Wake Forest Coach Jim Caldwell:

"Florida State is an excellent team, they play well, have great experience and have been around the block. We were not able to challenge them in the first half, but during the second half we played much better and looked competitive. Florida State has quality depth, from the first player to the last player on the team and are able to execute the style of offense that they want. Florida State is the better football team. We have young kids who got to play against a great team tonight. I am not disappointed in our play at all we played hard. There is no team better to play against than the best. I wanted the outcome to be better, but our play was good."

"Once Rusty LaRue was out of the game, we did change our plan, mainly because our second offensive unit does not have as much experience. All of the injuries tonight hurt us. We are really banged up after this game."

Florida State Coach Bobby Bowden:

"I was pretty pleased with the game but two things really bothered me. We must do something to reduce the mistakes, the penalties. "I thought we played pretty well, but we just had more players than Wake Forest did. I think, once again, they out-coached us. They were well prepared with a good game plan. We throw a lot of good players at them."

"I'm concerned about our mistakes. I think you get careless when you are heavily favored or get out ahead but we've got to concentrate on eliminating the penalties. And that is coaching. If we do not play better we may have won our last game of the season. I thought our effort was excellent. I told our subs to go into the game and play just like starters and they did. They went right in and committed penalties."

Quotes from Derrick Brooks, FSU, OLB

"It felt so good to be out there again. I really plan to step things up next game. If I had to grade myself I would give it a C because of mistakes. Right now there is a difference in our defense. There is a difference between beating teams and dominating teams. Last year we dominated teams, this year we are just beating them. When you face a team with players at the same level, someone must stand out. Right now, we are not standing out. We are still looking for that total game. I think it will come next week. If it does not we will lose. We are still the national champions, but we've lost some respect. It's time to regain that."

Danny Kanell, FSU, QB

"I'm still a young quarterback and I'm still trying to eliminate mistakes. I'm a little disappointed in our offense especially in the second half. We wanted to go out there score in the second half and establish ourselves. I'm really disappointed with the interceptions. I don't like to put our defense in a hole like that. They were fighting like crazy for a shutout and I felt like we cost them that."
