220 HJ---6'9" by Don Stewart of Southern Methodist

Don Bowden- I felt good for 2 laps but just didn't have anyzive today. Something went wrong with my gas machine. It was a 1:00 day and that was that. I just didn't have it. I wanted to set a real fast pace, 3:00 at the end of 3 laps. But I ran a 3:04. Delaney is the finest miler I've run against. He's a great runner.

Glenn Davis-Thought outside lane would bother me, but it didn't. I was thinking in terms of getting a good start, levelling off, and then giving a big kick. I was going to wait until I saw someone coming up on me but they didn't. I felt a little tight, but I had a lot left at the end.

Addie Southern- When he moved I simply couldn't. It makes you stop and wonder, about not being able to beat him. (Davis) That might have had an effect on the outcome. I could have gone faster, but I eased up a little when I saw he had me. Cal's Yerman will break all kinds of records before he leaves Cal.

Don Delaney-I used no particular strategy in this mile different than any other. I just ran my usual race.

Arthus Hamilton- Bowden went into mile same as he always was. Set same pace as he did in mile at Stanford and in the 800 meet. He just didn't have it today.

Una Murchison-I always run a little better in the second heat. I felt confident I'd win the 100 this year. I felt if I could beat Norton out of the blocks I would beat him. He was my big worry.
