

Florida State's track team put up a valiant effort, but could not quite gather enough momentum to overhaul Tennessee's talented squad as the Volunteers captured an 87-58 decision at University Track.

The meet, which was somewhat closer than the score indicated, established 10 new meet records and four track marks.

The Seminoles' Ken Misner was the only double winner of the afternoon, capturing the one and three mile events.

The Seminoles started strong and despite a Tennessee sweep in the javelin, the meet was tied at 34 all after eight events.

FSU had captured the 440 relay, the mile, 440 run, 100 and long jump to stay in contention.

The Volunteers came roaring back, however, and jumped well out in front in the next few events.

A sweep of the half mile event, one of UT's strongest, broke the deadlock. The Vols captured the intermediate hurdles and then surprised with a sweep of the 220-yd dash, an event expected to be hotly contested by the Tribe.

The visitors padded their lead with winning points from the field events as the Tribe slipped further behind.

Misner set one of the meet and track records with a 4:09.2 clocking in the mile. He also had a meet marker in the three mile, which was run for the first time.

The Seminoles 440-yd. relay team of Greg Kaufman, Doug Brown, Randy Stow and Eddie McMillan set a new meet and track record with its 41.1 time.

Bill Skinner, Tennessee's NCAA record holder in the javelin, set a meet and track mark with a toss of 243-9 in his specialty. The Volunteer's mile relay squad set a new standard with a 3:13.8 clocking.
