FOR IMMEDIATE RELEASE

FLORIDA STATE SWIMMING & DIVING

January 8, 1996

TALLAHASSEE, FL -- The Florida State University Swimming & Diving teams split their two duals meets today at the University of Alabama, with both the men and women winning over ACC opponent North Carolina State University, while taking a loss to the top 25 ranked Alabama team.

"We swept our ACC opponent N.C. State, and we also held close to a ranked Alabama team," head coach Don Gibb said. "We were a bit tired coming out of our hard 'Christmas training', but everything is geared towards the ACCs and we should be ready to explode."

Against N.C. State, the women won easily 107-33, winning fifteen of the sixteen events. However, against Alabama the Lady Seminoles had a harder time with a 102-38 loss. The top swimmer for the women was freshman Samantha White, winning the 100 breast in a time of 1:04.77.

The 19th ranked men's team swam two close meets, taking a 69-65 win over N.C. State, and losing 76-61 to Alabama. Winning both the 200 medley and 200 free relays proved to be the difference in the N.C. State win, with the team also being led by juniors Eduardo Coehlo and Chip Haberstroh. Coelho won the 50 free with a time of 20.59, the 100 free in 45.12, and the 100 fly in 50.07, and led off the winning 200 free relay.

"Our upperclassmen took charge in this meet and showed that they can win too," assistant coach said. "The team is coming together very well and the ACCs should be a great meet for us."

After today's results, the men move their record to 2-3 overall, and 1-0 in the conference, while the women are at 1-4, 1-0 in the conference. Both teams will be looking to improve their records at their last home meet of the season on Saturday, with a four team meet starting at 10:00 a.m. at the Bobby E. Leach Center on the Florida State University campus. The Seminoles will be taking on Florida A&M, Howard University, and Florida Atlantic University. The team will then have one meet left before the ACC championships, on January 20 at Louisiana State University.
