NCAA OUTLOOK (Women)

While Track and Field News picks Florida State to finish fourth in the country, FSU coaches Gary Winckler and Peter Thompson prefer not to pick a precise finishing position for their team. Instead, the FSU coaching staff maintains that it would like to finish in the top five.

"It's too hard to predict what will happen," says Winckler, in his first year as head coach at the Tallahassee school. "The way in which the coaches arrange their lineups will have an effect on the outcome of the meet. An injury here or there could make a difference."

Winckler remembers all too well the events that took place at Austin, Texas last year where the AIAW national championships took place. UCLA, picked as a landslide favorite before the meet, suffered a few injuries, most notable to heptathlete and long jumper Jackie Joyner. Tennessee took advantage of the lost UCLA points and took the team title.

Injuries and freak happenings were not only limited to UCLA. Florida State's own Tonja Brown, picked to finish second in the 400 hurdles, caught her leg on a hurdle and went down on the track in the semi-finals. That spill not only eliminated her from the finals of the race, but forced Florida State to substitute a slower runner in the 1,600 meter relay. Yes, Winckler and Co. know what can happen at a national championship.

But Winckler is comfortable with the thought that his team should be among the top five in the country. It's almost a cant-miss situation. "Anyone of the top 10 teams that Track and Field News picked could end up as the national champion," says Winckler. "It all depends on who has the best meet and who doesn't make the mistakes."

The team that Florida State will send to Provo is FAST. The bread and butter of the Seminoles is their sprinting corps. Florida State should challenge for the top five places in the 100 meters, 200 meters, 400 meters, 400 meter hurdles and even possibly the 800 meters. The 400 and 1,600 meter relays both have bonafide chances to challenge for the national championship.

Florida State will also enter athletes in the 100 meter hurdles, the 1,500 meters, the long jump and the high jump.

The following is a profile sheet on each qualified athlete from Florida State:

Alice Bennett, Junior, Sanford, Fla.--her events are the long jump and the 400 meter relay...qualified in 1982 with a jump of 20-0 $\frac{1}{4}$...her personal best in the event is 20-4 which placed her fourth at the 1981 AIAW indoor national meet...qualified for the finals at the 1981 Outdoor meet but did not score as she finished 10th with an 18-6 jump...is picked to finish 10th again...has run on two national championship relays at FSU, including the indoor 800 meter relay in 1981 that set the collegiate record...the other national championship came in the 400 meter relay last year at the AIAW outdoor nationals...that relay ran the sixth fastest collegiate time ever (44.35) to win it...since then, the relay has recorded two lower times, a 44.34 at the Penn Relays and a 44.19 at the Pacific Coast Invitational...attended Seminole High School outside of Orlando, Fla.

Ovrill Brown, Sophomore, Lubbock, Tex.--in her first year with Florida State after transferring from Indiana University...has qualified in the 400 and 800 meter runs as well as a member of the 1,600 meter relay...will stick to the 800 meters in Provo and forego the 400 meters...is not picked by T & F News to finish in the top 12 in that was before she ran a 2:04.6 at the Tom Black Classic in Knoxville...she has beaten four of the magazine's top 12 picks, including one victory over Leann Warren, the 1981 AIAW champ in the 800 and 1,500 meters...runs the second leg on the 1,600 meter relay that recorded a 3:33.72 at the Penn Relays...is one of two married squad members...attended Rochelle High School.

Tonja Brown, Senior, Bradenton, Fla.--is the only FSU qualifier who was at the school before the present coaching staff took over...is qualified in two events for this championship--the 100 meter hurdles (13.2) and the 400 meter hurdles (58.44)...her fastest 400 hurdle time came in 1981 when she set the school record (57.53)...is picked to finish 10th in the 100 hurdles and second in the 400 hurdles...was also picked to finish second in the 400 hurdles a year ago at the AIAW nationals in Austin...however, folks may remember that she tripped over a hurdle in the semi-finals and was taken from the track on a stretcher with a mild concussion...that also knocked her out of the 1,600 meter relay that she was a member of last season...finished seventh at the indoor nationals in the 60 yard hurdles (7.99)...attended Southwest High School in Bradenton.

Margaret Coomber, Sophomore, Charlton, London--is unique in two ways on this Florida State track team...she is 31 years old and is married to assistant coach Malcolm Coomber...has qualified for this meet in both the 800 meters and the 1,500 meters...lowered her FSU school record time in the 1,500 at the Cavalier Invitational last month with a 4:19.6 timing...finished third in the country at the 1981 indoor nationals in the 1,000 yard run...finished 12th in the 1,500 meters at the 1981 outdoor nationals...enjoying her best season.

Bev Cox, Senior, Vancouver, British Columbia--second year member of the FSU squad...this is Bev's first national outdoor meet...she will run the 1,500 meters where her personal best is 4:25.7...qualified in her last meet of the outdoor season...has participated in Canadian Junior Olympics.

Carolyn Faison, Freshman, Panama City, Fla.--one of two freshmen making this trip to Provo...her qualifying event is the 100 meter hurdles...best time has been a 13.60 but has consistently run between 13.7 and 13.8...finished sixth in the AIAW indoor nationals (7.98) in the 60 yard hurdles and owns the school record (7.74) in the event...attended Bay High School, a two-hour drive from the FSU campus.

* Randy Givens, Sophomore, Amityville, N.Y.--will probably run in four events for Florida State...those include the 100 and 200 as well as the 400 and 1,600 relays...picked to finish sixth by T & F News in the 100 meters but that was before she ran an 11.42 at the Pepsi Meet and an 11.28 wind-aided time at the Pacific Coast Invitational...is also picked to finish third in her specialty race--the 200--exactly where she finished a year ago as a freshman...if her recent times are any indication of the way she'll run, she may move up in that race...Givens has recorded two sub-23 second timings over the last month, including a 22.7 and a school record 22.3...is a member of the defending national champion 400 meter relay where she runs the anchor leg...that relay ran the top time in 1981 (44.35) and has been below it twice in 1982 with the best mark being 44.19...midway through the season, FSU coach Gary Winckler put Givens on the 1,600 meter relay and it responded with the nation's second fastest time at the Penn Relays (3:33.72)...needless to say, Randy couldn't convince him to take her out of that one...finished second in the country behind world record holder Merlene Ottey in the indoor 300 yards...tied Rosalyn Bryant's 1980 American record in the semi-finals of that event with a 34.07 clocking...also a member of the 1981 indoor national championship 800 meter relay that set a national collegiate record...state high school champion in both the 100 and 200 meters at Amityville High School in New York...invited to the 1980 Olympic trials as a high school senior.

Chris McKay, Freshman, Oakville, Ontario--one of four Canadians on the FSU squad who will travel to Provo...was a late qualifier in the 400 meter hurdles...she ran a 1:00.46 at the Tom Black Classic in Knoxville to reach the NCAA standard...she qualified in the semi-finals of that meet and then placed first in the finals.

Wendy Markham, Freshman, Cedarsburg, Wisc.--is one of two FSU freshmen who are present at Provo...came out of high school with four 6-0 jumps but then had knee surgery...could only clear 5-7 during the indoor season, but has improved over the outdoor season...she first broke the FSU outdoor record with a 5-8 jump and then improved to 5-10 and finally 5-11 at the Cavalier Invitational...attended Cedarsburg High School where she was the state champion in the event...invited to the 1980 Olympic Trials as a high school junior.

Marita Payne, Sophomore, Trante, Ontario--may be the work horse of the Seminole athletes at this meet...Payne has qualified in the 100, 200 and 400 meters as well as the 400 and 1,600 meter relays...she will forego the 100 meters...T & F News picks her to finish second in the 400 meters, exactly where she finished a year ago in Austin...she is also listed to finish fourth in the 200 meters, behind teammate Randy Givens...best time in the 400 came last year at Austin when she ran a school record 52.01 time...in 1982 her best time has been 52.11...member of FSU's defending national championship 400 meter relay where she runs the second leg...that relay is picked to repeat that honor and has already been clocked at 44.19 in 1982...runs anchor on the 1,600 meter relay that ran the nation's second fastest time of the year at the Penn Relays (3:33.72)...T & F News picks that one to finish second, two places higher than it finished at the '81 AIAW nationals...Payne was also a member of the national championship indoor 800 meter relay in 1981...at the indoor nationals in '82, Payne was busy finishing seventh in the 60 yard dash (6.96) and fourth in the 300 yards (34.77) as well as second on the 880 yard relay...is trying to become the first Canadian runner to break 52 seconds in the quarter...attended Vaughan Road Collegiate Institute in Ontario.

Angela Wright, Junior, Ocala, Fla.--has qualified for the NCAA nationals in the 200 and 400 as well as running the leadoff 100 meters on the 400 meter relay... isn't listed to finish in the top 12 in the country in the 400 meters but placed sixth in that event last year with a personal best 53.11 timing...in 1982, she has run 53.14...is the new member of the defending 400 meter national championship team...was not on that relay until mid-season when FSU Coach Gary Winckler experimented with her there...that relay then ran the second (44.19) and third (44.34) fastest times in the country this year...T & F News picked it to repeat its title...Wright finished sixth in the country in the 440 yard dash at the indoor nationals in March...she was also on the sixth place mile relay...holds the FSU indoor record for the 400 meter distance (54.37) as well as the 440 yards (55.16)... also runs on the 1600 meter relay team.

NCAA CHAMPIONSHIPS PREVIEW

Provo, Utah, May 30-June 5—Brigham Young University will be the host of the first-ever combined NCAA Men's & Women's Championships.

The meet will be unique in another way, as 12-deep scoring replaces the old 6-person system. Additionally, qualifying will be radically altered, with only one round of preliminaries in running events, and much of the qualifying done on a time basis.

One more thing to look for at BYU: quicker sprints and slower distance runs than usual as 1387m of altitude makes its presence known. Our prognostications:

WOMEN: UCLA IS EVERYWHERE

predictions by Jim Rorick

Bruins here, there and everywhere. Scott Chisam is sitting on a powerhouse at UCLA. Current form says that his squad will score in 11 of the 18 events at the Nationals, including both relays, for a 148-point total.

UCLA women are picked to take no less than 14 places in the 16 individual events, with a pair of scorers in the 100, 200, 400, JT and heptathlon.

Currently rated as the closest challengers, knotted at 117, are Tennessee (which came from the underdog position to upset UCLA in last year's AIAW) and Oregon. No other team would appear to have a chance.

The 31-point margin might seem too much to overcome, but recall that while the new system giveth mightily, it likewise taketh away. If Jackie Joyner is hurt, say, then UCLA could lose close to 25 points instantly, and the fight would be on.

LEADING TEAMS: 1. UCLA 148; 2. tie, Oregon & Tennessee 117; 4. Florida State 85; 5. tie, Arizona & Virginia 77; 7. Houston 75; 8. Nebraska 69; 9. Stanford 48; 10. UTEP 46.

Joyner is a key to UCLA's team hopes.

NCAA OUTLOOK (Men)

Florida State, after finishing 28th in the nation last year and third in 1980, is not picked by Track and Field News to score a point in this national competition. Many folks, including Florida State head coach Dick Roberts, think the magazine is wrong.

After all, the Seminoles will be bringing ten athletes to this competition and one of them must be considered among the top ten athletes to ever compete in a Florida State uniform.

The athlete we're talking about is senior 200 and 400 meter runner Ronnie Taylor. The problem right now with Taylor is that he may not be given the chance he deserves to show what he can do. Up until a week ago, he was set to run both the 200 and 400 individual events. But last week, two Florida State relay teams qualified for the meet and Taylor occupies spots on both. Now, he may not be able to score as well in the individual events since he'll have additional duties.

Florida State has other veterans in this national championship, including athletes who have previously placed in national competition in the 1,500, 10,000 and the triple jump. A talented freshman is also entered in the 400 meter intermediate hurdles.

The 400 and 1,600 meter relay teams, after turning in their best times and qualifying at the last possible moment last week, have a chance to score too, now that the NCAA has expanded the scoring to 12 places.

The following is a profile sheet on each qualified athlete from Florida State:

Billy Allen, Freshman, Cleveland, Ohio--although Billy is a freshman, he is 24 years old...was in the Air Force for four years in Europe before joining the Florida State football team where he had much success last year...Billy is similar to Herschel Walker in a lot of ways...both are really fullbacks who play the tailback position and both look out of place in the 400 meters...while Billy hasn't qualified in the individual 100, he will run the anchor leg of FSU's 400 meter relay team...kept improving each meet throughout the year.

Donnie Frost, Senior, Gretna, Fla.--this will be Donnie's second straight NCAA Championship...he was a member of FSU's 400 meter relay team that finished sixth in Baton Rouge last year...he ran an outstanding second leg on that team and along with Ronnie Taylor, who ran the third leg, had the Tribe in second place...but Taylor pulled his hamstring before his handoff to graduated Walt McCoy and the relay had to settle for sixth...has run the best 100 time of the year for Florida State 10.49.

Robb Gomez, Senior, St. Petersburg, Fla.--after earning All-American status in 1980 at the NCAA indoor 1,000 yard run, Gomez had been silent until 1982...now, he is qualified in the 1,500 meters...his best time of 3:43.6 placed him second in the Metro Conference Championships and qualified him for this meet...owns the Florida State school record in the event and has had possession of that mark for the last three years...still owns the best ever 880 yard time for a 14-year old...was Florida's fastest ever prep runner.

Leon Hutchins, Senior, Macon, Ga.--this is Leon's third trip to the NCAA meet...in his sophomore year, he finished fourth in the triple jump at the meet with a 53-7½ jump...that jump was 19 inches past his previous best...since that time, hasn't reached 53 feet...recorded his second best jump earlier this season when he jumped 52-4 in a four-way meet...Hutchins owns the Florida State school mark in the event.

Lee McKenzie, Freshman, Tallahassee, Fla.--only freshman qualified for Florida State...has been the surprise of the year for head coach Dick Roberts...is qualified for this championship in the 400 meter hurdles where his best time of the year is a 50.5...also runs the 100 meter hurdles but fell short of qualifying with a 13.6 timing...however, he has qualified in that event for the junior TAC meet...will also be running on Florida State's 1,600 meter relay team where he takes care of the leadoff leg.

Eric Riley, Sophomore, Ft. Myers, Fla.--this is Eric's first national championship in track and field...he is a member of the 1,600 meter relay where he runs the second leg...also a 400 meter intermediate hurdler when he's not with the football team...plays defensive back where he was a part-time starter last year.

Reggie Ross, Sophomore, Sarasota, Fla.--Reggie, no stranger to NCAA Championships, is FSU's third leg on the 1,600 meter relay...he was a member of the 1981 indoor Florida State mile relay team that won the national championship...he was a freshman that year and then sat out last season...he has also run the individual 400 meters this year where his best time is a 46.44.

Ronnie Taylor, Senior, Orlando, Fla.--although T & F News does not pick Taylor to score in either of the events in which he is qualified--the 200 and 400 meters--most FSU followers expect him to...he qualified in the 200 meters last year and as a member of the 400 and 1,600 meter relays...in the NCAA quarterfinals of the 200 meters, he ran one of the eight top times...but then, he ran the third leg on FSU's 400 meter relay team and pulled a hamstring on the handoff...he

was in second place before the pull and the FSU team eventually finished in sixth place...that injury took him out of the 200 race and the 1,600 meter relay...Florida State had the third fastest time going into the finals of that relay but without Taylor, finished fifth...Taylor has lowered both his 200 and 400 meter times in 1982...he has run a 20.73 for the 200 and a 45.94 in the 400...was the Metro Conference's MVP at the recent track championships as he won the 200 and 400 and ran on both FSU relay teams that won...both FSU relay teams--the 400 and 1,600--qualified for this NCAA competition last week so Taylor will be the workhorse this weekend...he runs the third leg on the 400 meter relay and anchors the 1,600 relay...in qualifying last weekend, Taylor ran a 44.4 split as the anchor on that relay...was recently picked to the USA team that will participate in a four-way meet in London...nicknamed "Train".

Chip Wells, Senior, Orlando, Fla.--this is the second time around for Chip... he was a member of the 400 meter relay team that finished sixth at the NCAA meet in Baton Rouge last year...runs the leadoff leg of the relay...has consistently run a 10.5 in the individual 100 meters this year.

Herb Wills, Senior, Tallahassee, Fla.--like Ronnie Taylor, Herb is qualified in two events...those events are the 5,000 and 10,000 meters...however, Wills will forego the 5,000 and concentrate on the 10,000...he is a veteran of NCAA championships in that event...as a sophomore in 1980, he finished fourth in the nation in the event to pick up All-American status...a year later, he was 11th... because so many of the top finishers in 1981 were foreigners, Wills was still named as All-American for that year too...his third All-American title came last fall when he finished 16th in the country in the NCAA cross country championships... FSU finished eighth as team in that championship...holds the school record in the 10-K (28:58.7) and that mark is also FSU's Mike Long Track record...Herb won all the junior cross country and 10,000 meter titles in 1979...has represented the USA in the World University games.
