Total Team Time = 2:21:03.9

Time Spread 1 thru 7 = 2:19.2 FAR TO GREAT

Overview: It was pleasing to win the meet. Our weaknesses were obvious in that we clearly need to appropriate more training time to hill work if we are to win the regionals and perform well at the Nationals.

If we look at the miles break down, we also show a weaknesses in our over distance work.

The last 600 meters Florida State showed great pride, in that they reached down and found something left.

As a team your approach to the meet was very determined.
